IN THIS ISSUE

HORROR MONTH 2023!

Since the earliest times, people have told stories to each other around a fire or inside on a cold winter's night to frighten and thrill their audience. People love to be scared, whether it be a shared story, a movie, a book, or our own beloved comics and graphic novels. This month, we give in to the Horror and let it take the whole month! Monsters, Murderers, Ghouls, Ghosts, Zombies and Experiments Gone Awry, no thing or subject is out of the realm of Horror, even a car or its loose tire! We're still a few months away from Halloween, but it's never too early to dive into some spooky reading or adding some monstrous goodies to your collector shelf. If you turn to page 214, you find a spooky list of some of the best frights out there for our recommended reading list. But don't forget to look throughout this issue for the "Horror Month" icon for more tales to thrill and chill you!

HORROR IS YEAR-ROUND!

Well, you know what I mean. Yes, October is a great month for Horror-related stuff, and there's no end to what comes our when in that creep-tastic month! But summer is also a great time for Horror. Movies, new streaming shows, plenty of collectibles, toys and statues. We've got a whole month dedicated to the theme in this issue of **PREVIEWS**! If you head over to **Page 214**, you can check out some of our Product Specialists' choices for recommended reading... including a title that's near and dear to my heart!

SHAMELESS PLUG ALERT: I'm talking about my first Comic Book series, **THE GUNHAND**, from Brilliant Enterprise, LLC. It's a "Weird Western" that follows the exploits of Mary Shelley's literary creation, the Frankenstein Monster, as he comes to America circa 1888, and through circumstances beyond his control, winds up with a magically-runed arm that previously belonged to an arcane shootist. When the arm is "called home" by the shootist's former masters (unaware of the arm's change in ownership), the Monster is drawn into a cross-country trek filled with action, humor, drama, and horror!

The series is drawn by the very talented Matthew Plog, who has taken to this tale and turned my words into fantastical images. I mean, check out that cover! Our first issue will be on sale the week before Halloween, just in time to bring some horror to the scene! You can find the solicitation for our first issue on **Page 288** of this issue. I hope you'll give our new series a try! It's my first foray into writing my own series, and I'm excited to bring readers something different, something unusual, and most of all, fun to read! **END SHAMELESS PLUG.**

That's all for this month. Next month, I'll try to report on my exploits at Comic Con in San Diego, and maybe share some pics from the show floor!

Propstore US Entertainment Auction Sees \$9.7M on First Day

Propstore's US Entertainment Memorabilia Live Auction, featuring over 500 pieces, saw a total of \$9.7 million on just the first day. A pair of horror props took the top two spots when the screen-matched evil clown doll from *Poltergeist* sold for \$656,250 and the Norris Spider Head-Thing from *The Thing* realized \$587,500.

Robert Blalack's Praxis optical printer used to composite every VFX shot from *Star Wars: A New Hope* hammered for \$337,500. Rick Deckard's (Harrison Ford) screen- and photo-matched costume from *Blade Runner* sold for \$287,500. The screen-matched Jumanji game board from *Jumanji* totaled \$262,500. The light-up full-size DeLorean Time Machine replica used at Official Universal Studios promotional events from *Back to the Future* realized \$250,000.

Milestone Premier Toy Auction Reaches \$700K

Milestone's Spring Premier Toy Auction of vintage toys, including rare Japanese robots and space toys, realized \$700,000. Top performers were a Masudaya 15" battery-operated Target Robot from the Gang of Five series for \$34,440 and a rare Yonezawa battery-operated Jupiter Robot for \$20,400.

Batman had two notable sales with a Nomura battery-operated Walking Batman with Robin in the Batmobile for \$12,915 and a Gotham City garage with Batman and Robin graphics on the panels for \$10,455. A Yonezawa's 15" tin friction Magma Ambassador Fire Truck brought \$11,685 and a rare Daiya tin friction Space Patrol Car realized \$9,900.

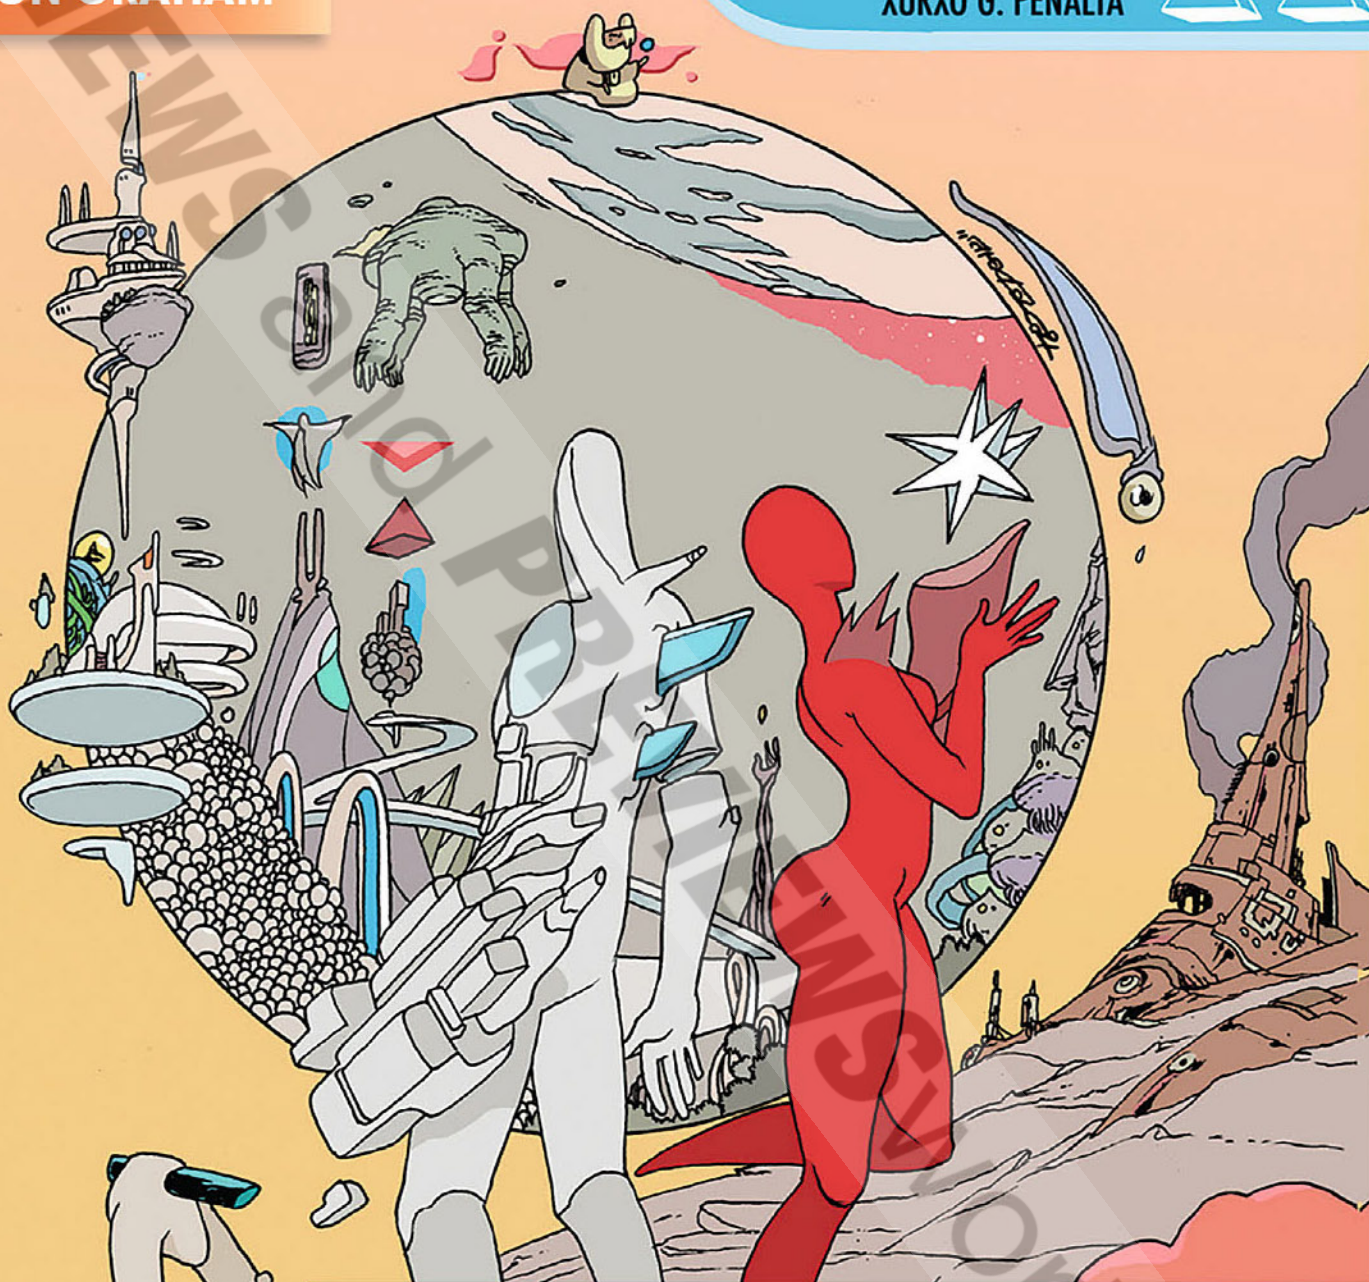

Tales of Evil

Tales of Evil was a horror anthology that included stories of a demon conjuror, a werewolf, and a vampire in its inaugural issue from Seaboard Periodicals' Atlas line in 1975. The second issue starred the Bog Beast, backed up with a ghost story and another werewolf tale.

The third issue starred The Man-Monster, a conceited playboy mutated into an amphibious form by an unknown substance unearthed by an offshore oil rig. The Man-Monster, incidentally, battles a costumed villain named Hell-Blazer. The story concludes with the note "to be continued in the first exciting issue of *The Man-Monster*." It was scheduled for September 1975 and would have featured the first team-up of Atlas characters as the Man-Monster fought Demon-Hunter, but the Atlas line ended and would remain dormant for 36 years.

Please tell us a bit about yourself!

I'm the grandson of pin-up artist Bill Randall, and I grew up loving comics from all around the world. In 2013 I won the Eisner Award (*Best Graphic Album: Reprint*) for my book *King City* (DEC110506). I edited the Image comics anthology *ISLAND* which won the Gem award for 2015 "Anthology of the Year," and I have an elephant tattoo on my neck!

What are your favorite projects you've contributed to over the past decade?

My books include *King City*, *Multiple Warheads* (Vol. 1 / OCT130496) and *Rain like*

Hammers (MAY210103). From 2012 to 2017 I headed the sci-fi relaunch of Rob Liefeld's *Prophet* (Vol. 2: *Brothers* / APR130469), along with the artistic talents of Simon Roy, Giannis Milogiannis, Farel Dalrymple and more!

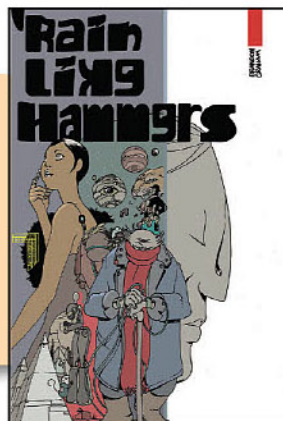

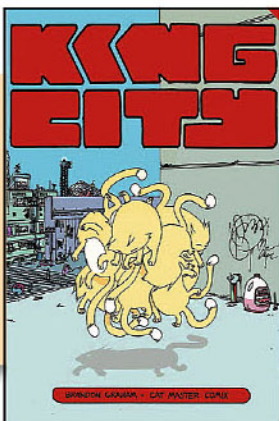

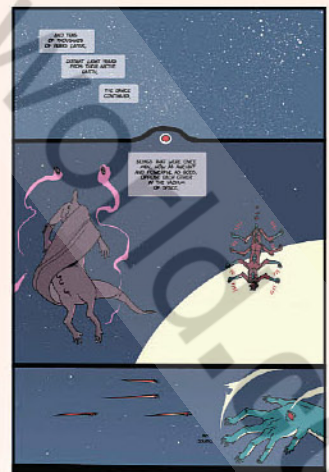

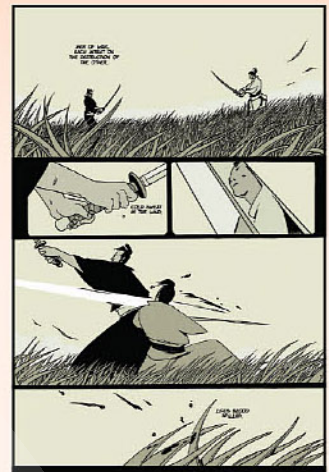

What are you currently working on?

I'm currently working on *Moonray* (#1 / Page 362) from Living the Line, which is set in a more distant and more alien future than I've ever drawn or written before... exploring what happens to beings left behind by a post-human society.

What fun titles are you reading?

I've been really impressed with Craig Thompson's *Ginseng Roots* (Published by Uncivilized Comics), J.H. Williams III's *Echolands* (Vol. 1 HC / DEC210128) from Image, and *The Strange Death of Alex Raymond* (MAY211557) by Dave Sim and Carson Grubaugh, published by Living the Line.

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and hundreds of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

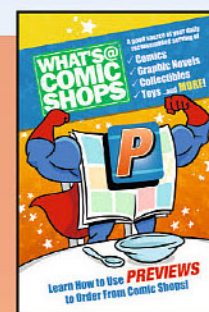

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

IMAGINED TERRORS BECOME REAL IN ZENESCOPE'S LOVECRAFT: THE CALL OF CTHULHU

H.P. Lovecraft's tales of terror, Elder Gods, and the Cthulhu Mythos have inspired writers and artists for a century. But do they stem from the imagination of a single man, or do they hide a darker truth? In Zenescope Entertainment's *Lovecraft: The Call of Cthulhu*, the writer's great-grandson discovers that the tales he thought were fiction are anything but stories. Celebrate Halloween this year the Lovecraftian way, with Norm Konyu's **A CALL TO CTHULHU**, published by Titan Comics. After the critical success of **THE JUNCTION**, Konyu returns with an irreverent trip through the classic stories of horror writer, H.P Lovecraft.

We spoke with **NORM KONYU** about the up-coming graphic novel and the cosmic entity that inspired it.

NORM KONYU *A CALL TO CTHULHU*

Great to be interviewing you Norm! *A Call to Cthulhu* explores the classic yet ever-enigmatic HP Lovecraft creation. What drew you to making a book about this character?

I think most people who know of HP Lovecraft would think of the character of Cthulhu and the mythos which is built around him before any of his other creations. In fact, I've spoken to people who have heard of Cthulhu but not of Lovecraft himself, which shows the strength of Cthulhu. If I'm going to do an introductory book about Lovecraft's stories, I can't help but put Cthulhu in place as the figurehead. It also allowed me to have a play with the title of one of his most famous stories for my own nefarious purposes.

This book blends traditional sequential art with a storybook style. Why did you decide to depart from the classic graphic novel format towards something more unconventional?

I had been working on another long format graphic novel at the time, and it's a long, arduous process. I was looking for something to break up the project.

No matter how much you commit to that classic format, enthusiasm can sometimes wane on your 500th panel! Co-incidentally, while avoiding the project by tidying up a bookcase, I found some of my old HP Lovecraft books which I hadn't looked at for years, and thought to myself "Hey. These might be fun to do some illustrations for. Choose what I like. Not worry about sequential panels. Just see what comes of them."

The graphic novel is rich in information about the mythos and lore of Cthulhu. How much research did you have to do to create an accurate and informative book about the character?

I'd read Lovecraft's work as a teenager (I was a bit weird that way), so it required a re-read all these years later. I don't know if you've read any Lovecraft yourself, but some of his material is hard work with overblown Gothic styling, so this reacquaintance was harder than anticipated. With the help of online Lovecraft sites, I was able to piece together an accurate trawl through his work. Saying that, we've made some tweaks from my original self-published

version to the Titan edition with advice from some fellow Lovecraft fans.

You have an established career in design and illustration, as well as animation. How do you think your experience and work in these industries shapes how you create graphic novels?

I think animation has been the truly defining influence on my style. I've been an animator first and foremost, and the design and illustration elements of my career have risen from that. The same applies to my approach when creating a graphic novel. I approach it like a storyboard, using the same rules of telling a story onscreen. I do love the fact that, unlike animation, my panels are not restricted to the proportions of a television screen and can be whatever shape fits the narrative!

More than 50 years ago, legendary fantasy artist FRANK FRAZETTA ushered the now-iconic Vampirella onto the pop culture stage with his singular cover painting for *Vampirella Magazine* #1. Now, in 2023, SARA FRAZETTA brings her grandfather's legacy full circle as she takes the reins on a brand new series starring Drakulon's Favorite Daughter!

When her age-old nemesis finally gives up the ghost, Vampirella is lured to his rural gothic estate of Rookhaven to hear the reading of his last will and testament. There, she meets the manor staff — the prurient assistant, the wild-eyed groundskeeper and his pensive young daughter, and the sinister and enigmatic Mr. Frey. Expecting a trap, Vampirella and her young companion are not disappointed — but they also get more than they bargained for in this thrilling adventure!

Written by SARA FRAZETTA and BOB FREEMAN and illustrated by ALBERTO LOCATELLI, this brand-new miniseries is steeped in gothic horror, complete with a sinister mansion, a mist-enshrouded graveyard, and a bevy of witches, ghosts, werewolves, and ancient satanic magicks. And all of it is enclosed in an amazing assortment of covers from some of comics' greatest artists, including LUCIO PARRILLO, COLLETTE TURNER, ERGUN GUNDUZ, series artist ALBERTO LOCATELLI, and Frazetta Girls' very own SARA FRAZETTA!

VAMPIRELLA'S FRAZETTA LEGACY CONTINUES!

SARA FRAZETTA & BOB FREEMAN TALK NEW SERIES

Dynamite is having a bit of a Frazetta-connected renaissance, with the series *Fire and Ice* launching in August and now the Frazetta legacy with Vampirella continuing here. Your grandfather will forever be connected to the Daughter of Drakulon thanks to painting her first cover and being involved in her visual design. Now, over 50 years later, what's it like picking up that torch yourself?

Sara: Oh, it's such an honor for me to carry on the Frazetta legacy with *Fire and Ice* and Vampirella. My grandfather painted Vampirella's first cover and had a hand in her visual design over 50 years ago. Now, being able to pick up that torch myself, in a small way of course, is entirely surreal. I've loved Vampirella since I was a little girl. I'm so thankful to Nick Barrucci and the rest of the team at Dynamite for making this happen.

You and Bob are crafting up a thrilling tale steeped in Gothic horror, perhaps not similar to some other typical Vampirella stories that emphasize a lot of action or almost a superhero-esque angle. What inspired this approach?

Sara: I adore classic tropes and spent countless hours watching classic films with my grandfather. The magic of those timeless stories has left a huge impact on me, shaping my artistic preferences. While I respect and appreciate the modern-day superhero genre, it's not personally my cup of tea. When it came to our approach with Vampirella, Bob and I wanted to delve into the realm of gothic horror. I couldn't be happier to have this opportunity to work with such a magical, insanely talented human like Bob.

Bob: Jose Gonzalez' Vampirella stories from the early '70s were a huge inspiration for me. I was a prolific reader as a child, and I fell into my mother's gothic romances quite easily. I was obsessed with *Dark Shadows* and that era's Vampirella was right at home there. As Sara and I discussed how we wanted to approach this project, we were both inspired by those classic tropes, and we knew we wanted to do something different, something special.

The title for this story, "Dead Flowers" is unique. Can you chime in on where it came from?

Sara: All Bob! He's a poet.

Bob: It's a recurrent theme throughout this series, life and death, beauty and ruin. It seemed a natural fit. Dead flowers represent fragility and the transition from life to death. What's more Vampirella than that?

Bob, you style yourself an "Occult Detective" and you've dipped your toe in so many pursuits in the creative realm and beyond. What brought you to this team-up with Sara Frazetta and the one and only Vampirella?

Bob: Sara and I met through social media, and we just hit it off. She's very passionate about her grandfather's legacy, but more than that, she has a hunger to share her own voice, her own artistic creativity. We've been collaborating for several years now, and we really gel creatively. You should hear some of our phone conversations. We both get very excitable when we're bouncing ideas off one another.

other. The Vampirella project was a good fit for us. We were on the same page from day one, and there's so much more story to tell. We hope that Dead Flowers is just the beginning.

Artist Alberto Locatelli is on board the team to depict this diverse mix of classic horror elements like witches, ghosts, werewolves, and much more. What is he bringing to the table with his style and how has the collaboration been so far?

Sara: Alberto brought this to the level we hoped for. He has an extraordinary talent and vision. His style perfectly combines elements of the old and the new, creating a unique synthesis that aligns with the atmosphere we hoped to convey. When Bob and I saw Alberto's pages, we were over the moon! The collaboration with Alberto has been so seamless. So seamless, it's as if he could *almost* read our minds.

Bob: Alberto's art is stunning. It's a beautiful synthesis of the old and the new. As pages started coming in, I was taken aback. He really captured the look, but also the feel Sara and I was going for. One of the hallmarks of Frank Frazetta's art was his ability to evoke a sense of visceral movement, an underlying kinetic energy. It's a rare gift. Alberto's got it. He brings these horror tropes to life and has them leaping off the page.

50 years ago, another generation of the Frazetta family featured on the cover of a Vampirella issue #1. Now you're here with your own series and a cover as well, Sara. What does it mean to not only write the series, but contribute a cover as well? You're also joined by artists like Lucio Parrillo, Collette Turner, and Ergün Gündüz.

Sara: As a Frazetta, I grew up surrounded by art and storytelling, and to have the opportunity to continue that legacy with

this publication is a huge honor. Being able to write the series with Bob gave me the chance to contribute my own creative vision and some personal anecdotes to this beloved character, while also paying homage to the work that has come before. Bob and I had a lot of fun in early discussions on where we wanted this to go. We had creative synchrony from the first phone call.

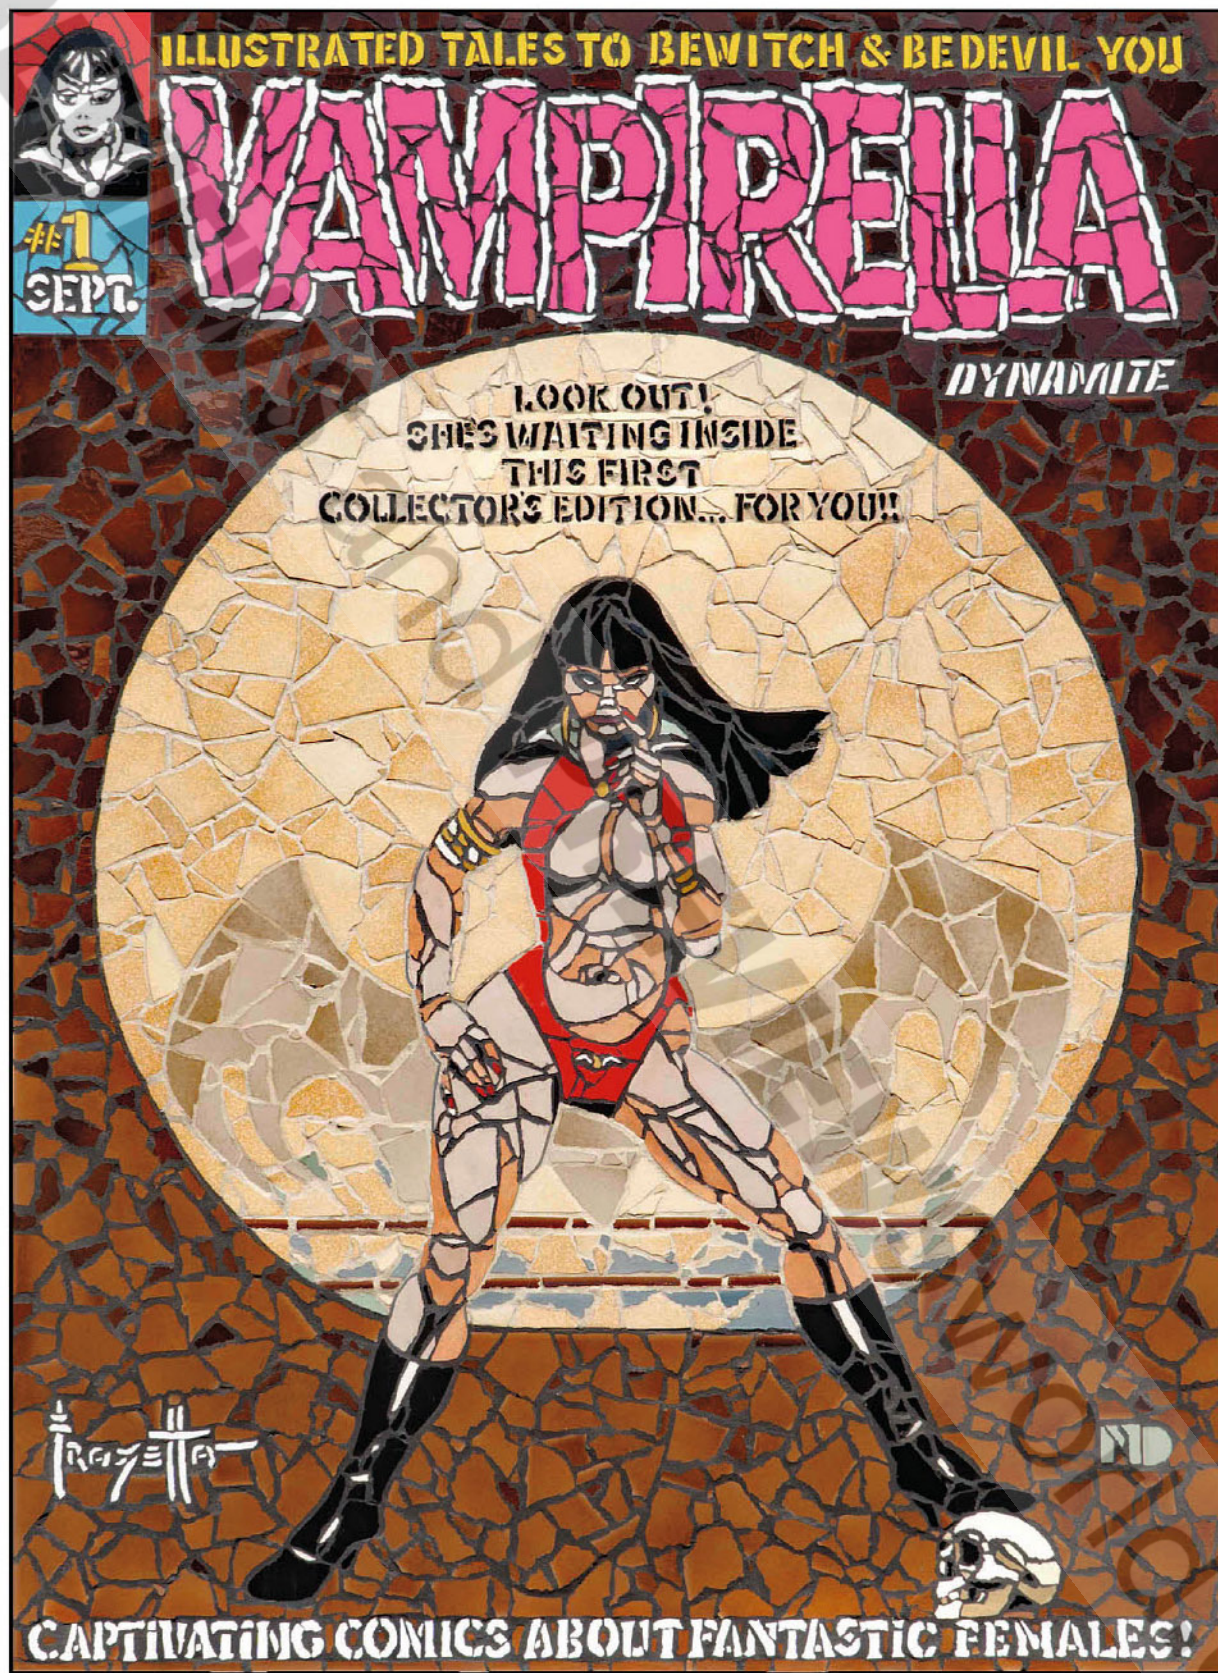

The opportunity to work with Dynamite on my own series and my own cover feels like something out of an alternate universe. I have to shout out Bob here on the cover. He understood the assignment and knocked it out of the park with his inking. It's so awesome when you meet another creative person who elevates your creative expression. We have chemistry. We understand one another. It's SO nice.

Collaborating with insanely talented artists like Lucio Parrillo, Collette Turner, and Ergün Gündüz is a privilege that I am incredibly grateful for. Every day, I am reminded of my grandfather's legacy and the impact he had on the world of art. I feel humbled and blessed to have these experiences and opportunities because of him.

AN AMAZING NEW VISION OF A COMICS CLASSIC!

VAMPIRELLA MAGAZINE #1 LIMITED FACSIMILE EDITION FEATURING A MOSAIC FRAZETTA HOMAGE COVER BY SHATTERED COMICS ARTIST MATT DIMASI

B&W | 64 pages | Horror | \$9.99 | Teen+ | 10/4/23

writer: Forrest J. Ackerman, Don Glut, Nicola Cuti
artist: Neal Adams, Reed Crandall, Tom Sutton, Ernie Colon,
Tony Tallarico, Mike Royer
cover: Matt DiMasi

Comic book superstar Vampirella made her debut in 1969 as a humble horror comic "hostess," and in the five decades since she has evolved into one of the medium's best known and most beloved characters. To honor her illustrious career and the launch of her latest series, Dynamite is taking a special look back to where this blood-sucking babe got her start with a gorgeous new Facsimile Edition of Vampirella Magazine #1!

This magazine-sized, 64-page celebration of the Daughter of Drakulon's first appearance in print is reproduced using the original printer's film, with every page — including the advertisements — exactly as it appeared half a century ago. At the time of its creation, Warren's sharp-eyed editors assembled the best talents from across the world to write and draw timeless stories, and this first issue features a diverse range of masters, including Neal Adams, Reed Crandall, Tom Sutton, Ernie Colon, Tony Tallarico, and longtime Jack Kirby inker Mike Royer.

The cover for this issue was an instant classic painted by the unequaled master of fantasy art, Frank Frazetta. To celebrate the launch of his granddaughter's Sara Frazetta's new series starring the character he helped make an icon, this special facsimile edition comes adorned with a beautiful new piece of art created as a direct homage to Frazetta's original composition. This unique mosaic artwork by artist MATT DIMASI has never appeared in print before, and it is enhanced on this special edition with special foil accents. After it debuted in 1992, the classic Sam Raimi film *Army of Darkness* quickly became the most beloved movie of the popular *Evil Dead* franchise. And with the launch of their *Army of Darkness* comics in 2005, Dynamite set a new standard for the indefatigable Ash Williams's adventures in any medium! Now, after nearly three decades of Ash-tastic action, Dynamite is upping the ante with the ultimate AOD comic book series: *Army of Darkness... FOREVER!*

Picking up immediately after the events of *Army of Darkness* (the Director's Cut, natch), Ash chainsaws his way through the Techno Army of Darkness in 2093 and defends the sacred aisles of the S-Mart in 1993! (What? How!?) Meanwhile, in the distant past, his lady love Sheila fights off a rising evil at Castle Kandar!

Written and illustrated by comics heavyweights **TONY FLEECES** and **JUSTIN GREENWOOD**, *Army of Darkness Forever* features incredible covers by some of the medium's greatest masters of horror, including series writer/mastermind **TONY FLEECES**, artist **NICK DRAGOTTA** (*East of West*), the zombie king himself, **ARTHUR SUYDAM**, and master painter **FRANCESCO MATTINA**!

ASH TAKES ON THE TECHNO-ARMY OF DARKNESS?! SUPERSTAR TONY FLEEC'S DISCUSSES FOREVER

This series celebrates a lot of legacy. Dynamite's first ever comic book was *Army of Darkness* #1 in 2004, and the film debuted just over 30 years ago back in 1992. What do you think makes the character of Ash Williams and *Army of Darkness* so memorable and iconic this many years later?

Tony: Ash is just super confident — for apparently no good reason at all. That's what's appealing about him, I think. He has a real can-do attitude even when being attacked by literal bloodsucking demons.

For the first time, this story is picking up immediately following the finale of *Army of Darkness* — the Director's Cut version in fact. What inspired that move?

Tony: Joe Rybandt and Nick Barrucci asked me what I would do with an *Army of Darkness* book and that was the first thing I

asked about — has anyone ever done what happens after the director's cut? And I was shocked and delighted when they said that nobody had. It felt appropriate to do something big like this for the 30th anniversary.

To be clear for those unfamiliar, the original Sam Raimi ending to the film features Ash flung far into the future in a post-apocalyptic landscape. How is he going to contend with the "Techno Army of Darkness" in the year 2093 this time? Though we have heard we'll also see a bit of S-Mart circa 1993, as well as more from Castle Kandar?

Tony: Tony: It's one of the great, all-time alternate takes. Instead of Ash ending up back in 1990s Michigan, fighting deadites at S-Mart, he wakes up 100 years after the end of the world in 2093. I remember the first time I saw it on DVD, my mind just exploding at the possibilities. Ash vs. the

post-apocalypse?! But then the theatrical ending has that iconic action scene and last line: “Hail to the King, baby.” So, you don’t want to lose that either.

My pitch was basically: Jason Aaron’s *Thor: God of Thunder* format, but with Ash. So we follow Ash in the future and Ash’s girl Sheila in medieval times as they both fight off evil. But then we’re ALSO still following Ash at S-Mart in 1993 (but how??) And then we show how those stories all start to interact across centuries.

We’re aiming to make this the ultimate *Army of Darkness* comic. It’s a follow-up, so we want it to feel like it fits right in the Ash timeline with the rest of the movies and shows and remakes, etc. But also, we want it to feel fresh. So, we’re doing narrative stuff that hopefully keeps it fresh and throwing in some twists that will hopefully keep readers coming back month after month.

You are known for your unique twists on the horror genre, such as your smash hit series *Stray Dogs*. What draws you to the genre and how does Ash fit into your attitudes and favorite aspects of it?

Tony: *AoD* and *Stray Dogs* are wildly different stories. But the basics of horror in comics are the same — you surprise readers with page turns. The only person that the reader KNOWS isn’t really going to die is Ash, so anybody else can bite it at any time. So, the book has stakes. And we were a little hesitant to go super gory on *Stray Dogs* because people don’t like to see dogs get hurt — we don’t have that problem here. Justin’s drawing all sorts of gore and violence in this book.

Not only are you a great writer, but you’re also a beloved artist. With an eye for visuals as well, how is it collaborating with artist Justin Greenwood for the series? And

you’ll also be contributing covers yourself, alongside other talented names.

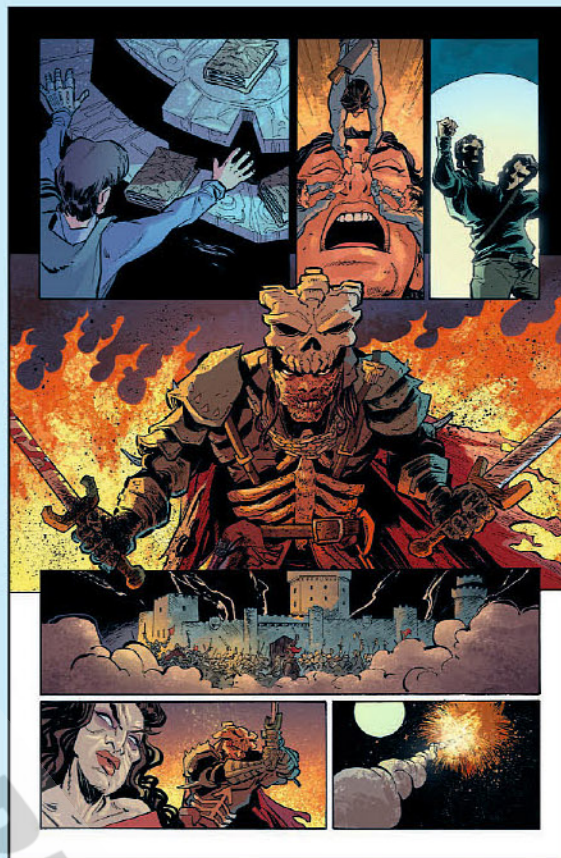

Tony: Justin’s one of my best friends in comics. We always wanted to find a thing to work on together and this came along at the perfect time. He’s a great storyteller, that’s obvious to anyone who’s read *Stumptown* or *Crone* or any of his books. But the thing that he does that really works for this book in particular is, he’s great at attitude. He’s one of the funniest guys in person. A real raconteur. And that comes through in the way he draws Ash. They both feel like blue-collar guys with interesting jobs to do.

And yeah! I’m drawing covers too! Along with superstars like our buddy Nick Dragotta, And then the great Arthur Suydam and Francesco Mattina — every one of their covers looks like an *Army of Darkness* sequel I want to watch until the VHS tape wears out.

THE GEE-PEE-KAY COMICS BRAINTRUST CONVENES! ADAM F. GOLDBERG, JEFF ZAPATA, HANS RODIONOFF TALK NEW SERIES

Welcome back, lads! The last project you all teamed up for was *Garbage Pail Kids: Origins*, which slammed open a Pandora's box of sorts for the franchise. How did you all feel about the feedback you've seen so far on that series?

AFG: It was a relief that our first run of *Origins* received a positive reception from reviewers, but what we really care about was passing muster with the die-hard fans in the Garbage Pail Kids community. Jeff and I are in a bunch of the Garbage Pail Kids Facebook groups where collectors talk GPK all day. Most of the people who posted about *Origins* didn't even realize we were reading their comments on the boards. We were thrilled that the fans who have loved the property for decades loved our new take on the franchise, bringing the classic characters into a sprawling superhero epic.

JZ: It's been great to hear that fans are beginning to appreciate GPKs on a whole new level. I even heard from a few collectors that the comic was the first time their wives ever looked over the shoulder and got interested in their hobby. And expanding the GPK audience was what we were going for in first place, I

think.

HR: While I'm not on the GPK message boards with Jeff and Adam, I've been surprised and delighted by the way fans have embraced and enjoyed the first series. Everyone in the GPK fan community has their favorite character and they are extremely passionate about the franchise, so it feels like a real achievement to get their approval.

This time we're "Trashin' Through Time" — as the theme of "origins" for the classic Gee-PeeKay kids continues! The last series was primarily set during the turbulent times of the Second World War. Per the new subtitle, where are we careening to in time this time?

AFG: Our cliffhanger in *Origins* #3 teased that the Garbage Pail Kommandos traveled through time and landed in the '80s. This gave us the perfect runway to kick off our new story in the decade when Garbage Pail Kids were created by Topps. Although, we quickly discover that it's Nasty Nick's alternate 1980s where Garbage Pail Kids rule the world and humans

are nearly extinct. This was the perfect jumping off point to continue to have fun with the time traveling conceit as Adam Bomb and the gang hunt Nasty Nick through time.

JZ: We wanted to have the characters form a solid family structure in those first three issues. That family bond between the characters has paid off in this new series as our heroes find themselves trapped in a world they do not recognize. It all snowballs from there as the Kommandos discover who really won the war.

HR: Thankfully, this time around, Dynamite gave us five issues to play with, so we got to expand our unique take on the Garbage Pail Kids; the juxtaposition of GPK characters with more “normal” human characters. The contrast of having them occupy the same universe is what sets this book apart from other GPKomics of the past. As far as specifics go, I wouldn’t want to spoil any of the future issues, but I will say that they do travel to a spoiled future.

Though fans can jump right into this series of course, how would you describe its connections to *Origins*? And perhaps how it might even leave the door open for further fables if fans show support...?

AFG: The original three issues focused on the origin of Adam Bomb, showing how nuclear technology was used to turn him into a reluctant superhero during World War II. This top-secret experiment also led to the creation of the super-powered Brainy Janie, Snooty Sam, Dead Ted and Roy Bot. Our new series explores the origins of even more Garbage Pail Kids, especially Nasty Nick and we learn why he’s determined to convert the whole human race into Garbage Pail Kids.

JZ: *GPK: Origins* was pretty much the prequel to the story we are telling now. We really wanted to make an epic the first time around and just had just too much story to tell. So this time we were able to continue the story we wanted to tell in the first series. I’m glad we established a firm background for these characters in *Origins* because they feel more like real people in this new series.

HR: As Jeff and Adam said, the first series acts

like a prequel that establishes the team. Readers can totally jump right into this series without any knowledge of what happened before, and will still enjoy it. And the GPK universe is huge! There are still hundreds of wonderfully weird characters that we haven’t used yet, so there are for sure more stories to tell.

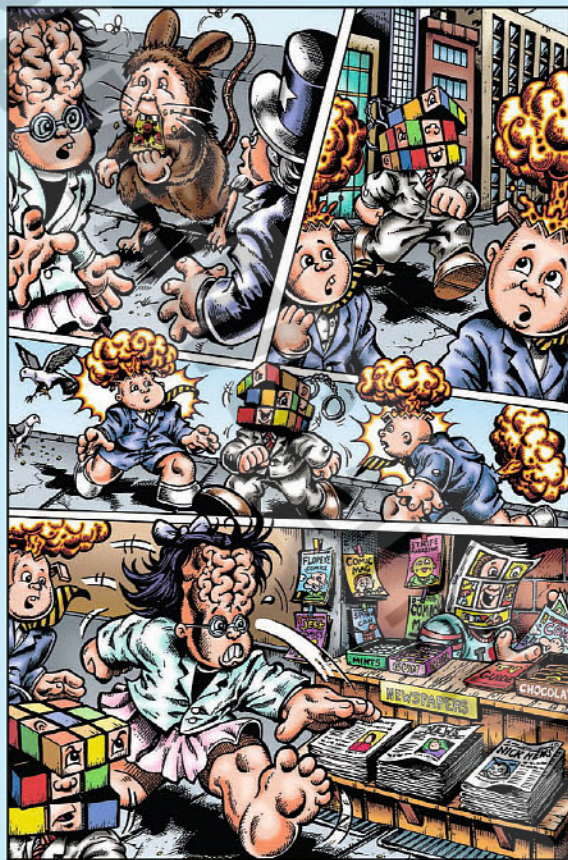

***Origins* featured a whole cast of iconic favorites from the franchise. Can fans expect to see some new faces join the party in GPK: TTT?**

AFG: Jeff and Hans love the classic characters from the original series in the ‘80s, whereas I’m a fervent collector of the newer Garbage Pail Kids series from artists like Joe Simko, Brent Engstrom, and David Gross. Our time travel premise for this new series allowed us to feature an array of classic Original Series characters, everyone from Ruben Cube to Alien Ian. But we also got to include an endless array of new pop culture-centric characters that have never before been seen in any comics, including fan favorites Joe Nut (*Robocop*), Preda Tory (*Predator*), Obey Jay (*They Live*) and dozens more.

JZ: This series is filled with a variety of GPK stars. Adam is a huge GPK fan and has memorized a lot of the classic characters that I didn’t remember, and some new characters I’d never even heard of. So I drew any character I could think of in crowd scenes, but Adam really made some great choices for specific cameos and locations. The very first page I drew (skillfully inked by the great Chris Meeks) is a Where’s Waldo mass of GPK characters. It’s a scene worthy of a poster!

HR: I agree! I’ll buy one of those immediately. It’s a great image. As Jeff said, at the very beginning of this series, the Kommandos find themselves in an altered version of New York City where almost everyone has been transformed into a Garbage Pail Kid, so there are tons of fun cameos in the first issue alone, and the universe keeps expanding as this new series goes on. This second series is like a wonderful cornucopia of GPK, no matter what your favorite series is, chances are there’s a character for you in there!

Legendary rock acts are finding themselves attacked by demonic forces. The police investigate, but there's little to nothing they can do to stop the problem.

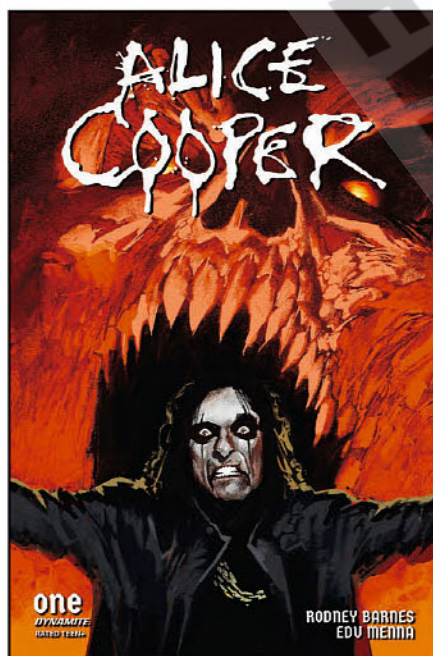

At the same time, Alice Cooper has a new album out and is in the midst of a promotional tour. It's great to see all his fans again, but there's a disturbing trend happening in every city — more and more of his audience appear to be undead! Complicating matters, when he goes to bed at night he ventures into the Nightmare Place. When he awakens, he's in another city standing before a throng of fans, where he meets the Archangel Gabriel.

Gabriel tells him there's a great music club called Burning Meat where the souls of legendary musicians hang out, watching the headliner — Lucifer — play his own personal style of rock music to the raucous applause of the demons in attendance. Now, Lucifer wants to take the show to Earth and the only thing stopping him is... Alice freakin' Cooper!

Composed and arranged by writer RODNEY BARNES and artist EDU MENNA, this power anthem of an issue has its amps turned up to 11 with a trio of amazing covers from JASON SHAWN ALEXANDER (Rodney Barnes's collaborator on *Killadelphia*), the incredible STUART SAYGER, and master of horror ANDREW MANGUM — all capped off with a classic photo cover of the man himself: Alice Cooper!

GET READY TO ROCK! RODNEY BARNES INTRODUCES... ALICE COOPER!

Rodney, to kick things off, what is your own history with Alice Cooper's music (and antics)? Are you a longtime fan or did you dive deep into the catalog and hits later in life or for this project? Do you have favorite albums or tracks?

I became aware of Alice's music when I was a kid. He used to come on a lot of talk shows and such and was a prominent figure on the radio stations my mom listened to. She bought a lot of Alice's albums and I listened. "School's Out," "I'm Eighteen," and "No More Mr. Nice Guy" stand out as tracks I dug. I was also attracted to his look and stage presence.

This story opens up with some crazy stuff going down. Legendary rock acts are being attacked by demonic forces. Alice Cooper is starting to notice some of his own fans happen to be... undead. Can you tell us what exactly is happening? Without spoiling much of course!

LOL, that's tough! Let's just say that the forces of evil are looking for a different entry point to dealing with the forces of light. The conflict is driven by envy on the musical front, but there's something more insidious beneath it all.

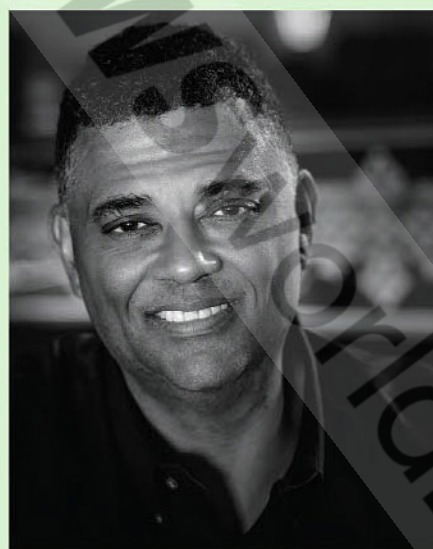

It's going to be quite the "Battle of the Bands" here, as Alice Cooper will find himself up against a very unique rival for the ears and eyes of rock diehards — emphasis on "die" when it's Lucifer himself playing in the mysterious "Burning Meat" club. How does the godfather of shock rock stack up against the guitar licks and vocals of the devil himself?

Great question. Making music is primarily a human endeavor. So, in this instance,

the devil's power doesn't hold as much weight. It all comes down to whether the bad guy has the musical chops or not.

There is a whole cast of incredible artists who will be contributing to this project in various ways. Edu Menna is up at bat to tackle the interiors, and his style has graced many great stories of horror and rock and roll vibes. Then we have your frequent close collaborator from Killadelphia, Jason Shawn Alexander. Andrew Mangum drew the passion of fans from some brilliant Evil Ernie covers that definitely channel the rock spirit. Last but certainly not least is Stuart Sayger, a fan-favorite for his KISS covers through us. How proud are you of the wider team coming together for Alice Cooper's new story?

It's an incredible honor to be working with such great talent. It certainly pushed me to go deeper story wise to give the group a tale that was worthy of their talents. That said, this entire project has been a true joy. One I hope the fans will enjoy.

It's young Gnash's first Halloween in Manhattan, and you're invited to come along as he heads out to find friends on the one night of the year when Gargoyles can roam the city unbothered! Unfortunately, he's about to run afoul of the masked Quarrymen, who are out to hunt down any Gargoyle foolish enough to brave the streets on All Hallow's Eve. That means Brooklyn, Katana, Lexington, Broadway, Angela, and even Goliath are in real danger! Will they survive this cruel trick, or become a treat for the marauding Quarrymen? Find out in October with this all-new 40-page special featuring a 28-page main story written by Gargoyles creator GREG WEISMAN and illustrated by BONESSO DIEGO!

**From the middle of

Nothing ever happens in the small town of Arcadia Heights. Nothing...until now.

After stepping through a door into a strange alternate world and returning to the real world changed, six high schoolers from disparate backgrounds are forced to work together to stop a monster from consuming their souls – and possibly the world.

From the minds of Alex Segura (*Star Wars: Poe Dameron Free Fall*, *Araña* and *Spider-Man 2099*) and Rex Ogle (*Punching Bag*, *The Supernatural Society*, *Free Lunch*) and illustrated by Joe Eisma (*Riverdale*, *Jughead*, *The Archies*), this original graphic novel tells a story of powers and the darkness it brings.

MANIAC OF NEW YORK: THERE'S SOMETHING ABOUT HARRY

HARDCOVER

writer ELLIOTT KALAN
artist ANDREA MUTTI
letterer TAYLOR ESPOSITO
cover ANDREA MUTTI

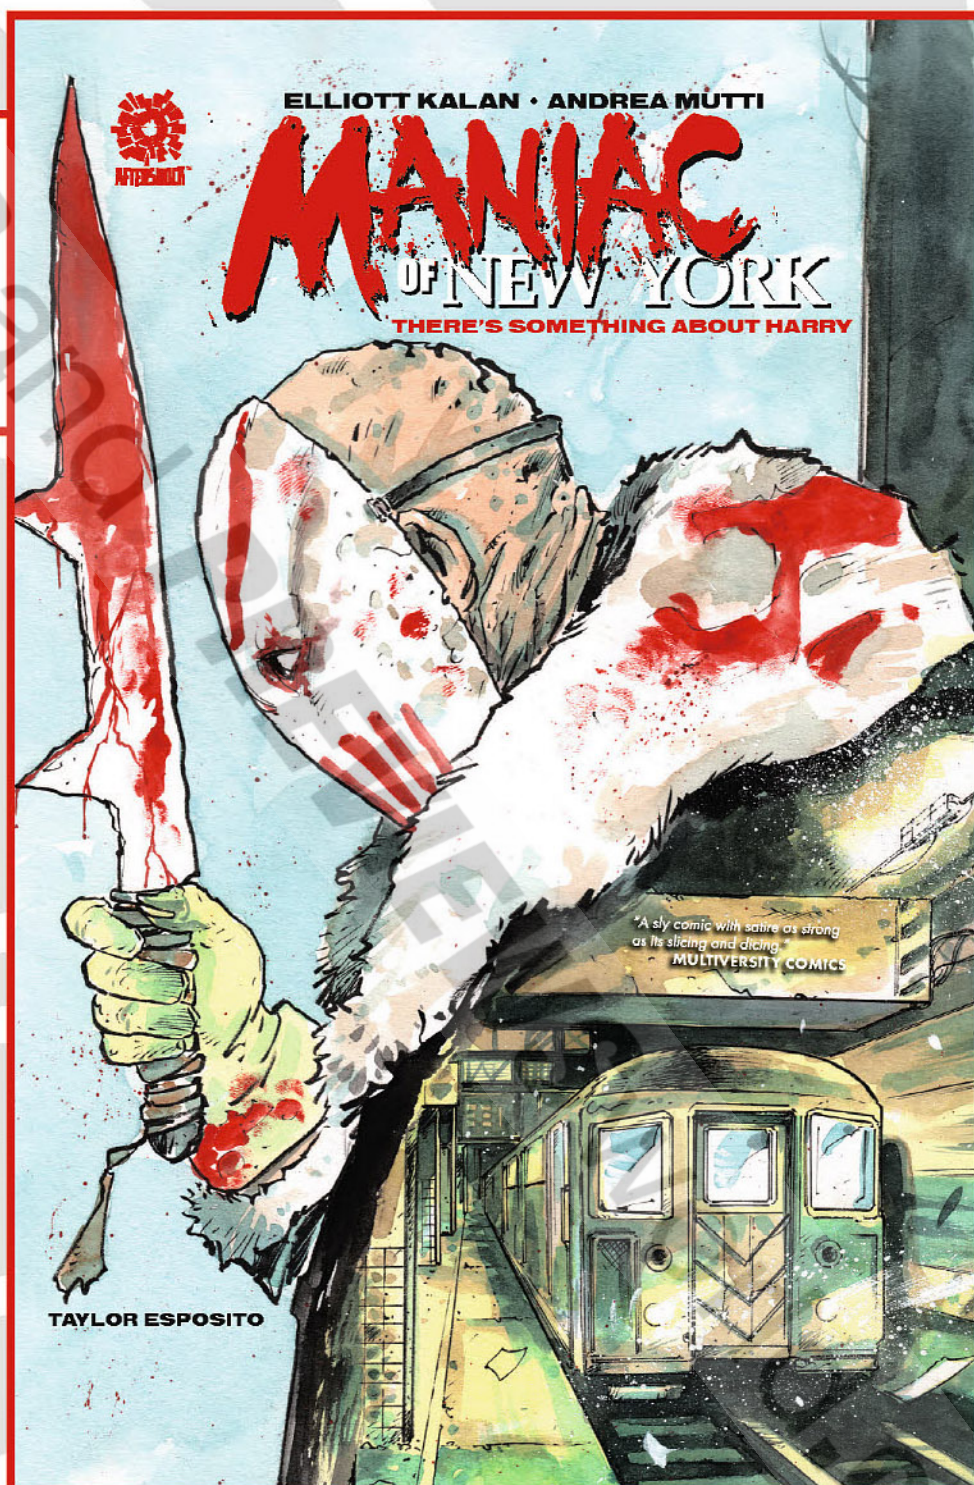

The eagerly anticipated hardcover collection of the complete, compelling saga of New York's own Maniac Harry!

Four years ago, a masked slasher began stalking the streets of New York City.

Maniac Harry is inhuman, unkillable and unstoppable. Which is why the authorities' solution has been to ignore him, and let New Yorkers adapt to a world where death can strike at any moment. When Maniac Harry starts killing his way through the subway system, trauma-haunted political aide Gina Greene and disgraced NYPD detective Zelda Pettibone become determined to go rogue and destroy him. But how can they fight a monster when they can't fight City Hall?

From Emmy Award-winning writer Elliott Kalan (*The Daily Show*, *MST3K*, *Spider-Man & The X-Men*) and artist Andrea Mutti (*Port of Earth*, *Hellblazer*, *BUNNY MASK*) comes the horrifying story of what happens when terror becomes the new normal. A frightening, thought-provoking, sometimes funny, always timely tale of murder, obsession and urban living.

This hardcover collection contains *MANIAC OF NEW YORK: THE DEATH TRAIN* #1-5 and *MANIAC OF NEW YORK: THE BRONX IS BURNING* #1-4.

New printing of Garth Ennis's hit series!

Jimmy Regent, Britain's number one super-spy, has got it all: intrigue, adventure, a license to shoot whoever he likes and beautiful women falling at his feet. He also has a new partner who isn't quite as impressed by Jimmy as all other women appear to be. Now, there's a price to pay for Jimmy's multiple romantic conquests — the results of which are about to come calling in the worst possible way...

From Garth Ennis, the creator and writer of *A WALK THROUGH HELL*, *Preacher* and *The Boys*, with beautiful storytelling by Russ Braun (*Batman*, *Fables*, *Battlefields* and *War Stories*), this new printing collects the first five issues of the hit series from AfterShock!

In recognition of World Mental Health Day on October 10th, Seismic Press is proud to announce **SIDE EFFECTS**, winner of Pop Culture Classroom's Excellence in Graphic Literature in the Young Adult category, is getting a **SECOND PRINTING!**

Hannah's dealing with a lot in her first year of college and to make matters worse, she's also battling her own brain, in the form of anxiety and depression. Fortunately, her therapist has put her on some meds to help, but those meds cause some unintended side effects, like sleepless nights, pounding headaches or, in Hannah's case, superpowers.

Now, on top of juggling tests and dates, Hannah has to deal with occasionally shooting light-ning bolts from her fingers or reading her girlfriend's mind. Maybe she's supposed to be a superhero, but all she wants to do is make it through the year in one piece.

Written by Ted Anderson (*My Little Pony*, *Adventure Time: Beginning of the End*, *ORPHAN AGE*, *MOTH AND WHISPER*) and illustrated by Tara O'Connor (*Fly By Night*, *Roots*, *Puddles*) comes a personal story about mental health and what it takes to find yourself again.

Noise pollution is crushing life on earth. The largest mega-corporation on the planet finances a crazy project called The P.R.I.S.M. (Purifying Recording Interplanetary Space Mission) to combat the phenomenon: sending a musical supergroup into space to record an album that will produce sounds able to push back the threat known as S.O.T.W. (Smoke on the Water) and save the planet. Where rock'n'roll excess and the survival of all life on Earth collide, there is...**THE PRISM!**

Creator Matteo De Longis (*Avengers: The Initiative*, *Sky Doll Space Ship*) takes a far-out premise and builds a visually stunning and convincing new world that will have you mesmerized, telling the story about man's greatest feat in space so far. 1 INTERVIEW WITH MATTEO DE LONGIS 2

The Prism includes plenty of themes relevant to contemporary life/culture for many: impending ecological disaster, privatization of public works, commercialization of the arts... and more! Would you call any one theme your main focus with the story, or is it all just an interconnected miasma? Any personal anecdotes that might have inspired this focus or general overview? I have realized that the more a story has mass, the more clearly it bends space and time. PRISM exists in a global scenario and is an interconnected web of macro themes.

The beginning has issues pertaining to the world building, but further down the line, I'll tackle themes relevant to the single cast members. The fascinating aspect of such a complex story is that you sometimes find facets that suddenly emerge, like parts of a fractal.

The story also includes fantastic character work. Each player has their role, their issues, their impending arc... Looking forward (without giving too much away, of course), is there any personal journey within the story that you find most satisfying to portray? In considering that comics often have to be carefully curated beat-for-beat, is there anything you wish you could give more space to?

The next books will focus on the band members and their back stories, and this will allow for a change in tone and atmosphere, while the main plot will involve all of them. There are sides of me embedded in the characters, like facets of a... prism. This voyage is both spatial and personal to me. It's hard to pick favorites. I love allowing myself not to know from the start how all the conflicts will find their solutions. The macro plot is set in stone, but there are areas I still need to live in and get the hang of within that.

In The Prism, SFX are all represented by triangles, with their variance in portrayal representing variance in sound. It's really neat! What led to you making this decision?

My approach to the comics medium derives from animation and implies that music is essential to my story. I couldn't find a way to give the sound of the instruments the right importance. I think that sound effects, noises, and the sound of the instruments are the same thing, but we call harmonic sounds "music." So, I needed a new method, and normal SFX would have been chaotic when describing distorted guitars or walls of synth. As a manga reader, I had noticed how SFX rendered in the katakana alphabet are very visually effective, even if you don't understand the words: they are images that make a sound. It has to be perfected, but my method seems to work pretty well!

Music is obviously at the center of The Prism. Are you a musician yourself? Are there any genres, artists, or instances that had a special impact on you in the creation of the story?

I have played bass for quite a while. Now perhaps I make music by drawing. Having been in a band is essential for my way of telling the story of one. Some dynamics are hard to improvise. It is pretty evident that I am very precise in rendering instruments or the phases of recording and production. I grew up with alternative rock in the late Nineties and early Aughts: The Smashing Pumpkins, Muse, Tool, Foo Fighters, NIN... In The Prism, there are echoes of older material, Pink Floyd and music that pushes the genre boundaries, and it's probably what I am trying to do with this saga that doesn't want to be a collection of hit singles, but rather a long concept album that requires attention from the listener/reader.

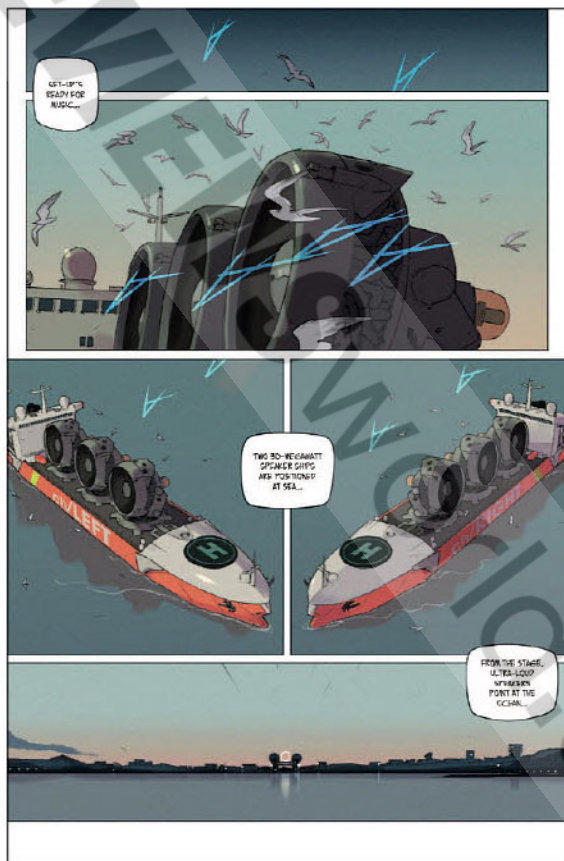

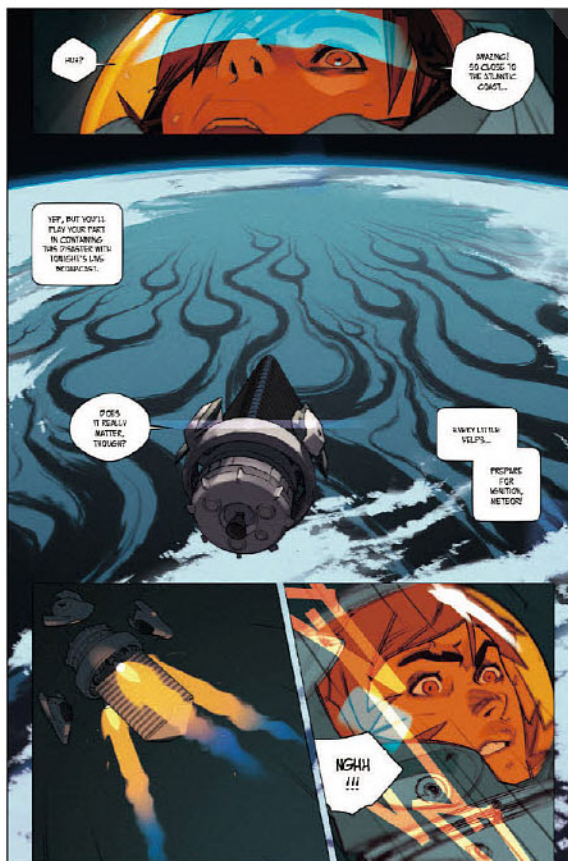

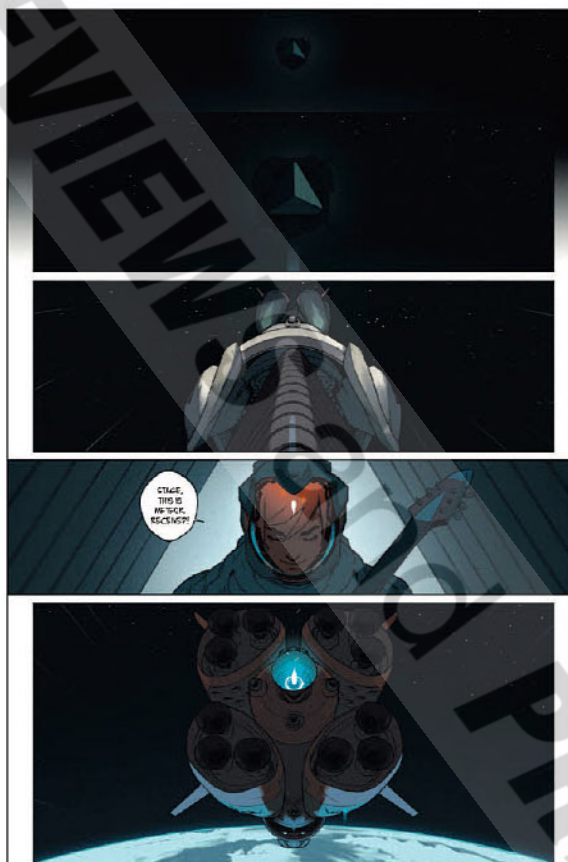

A major element to this story, besides music, is outer space. Have you always had a love of space exploration, or was it an element that started to make sense as the story came together?

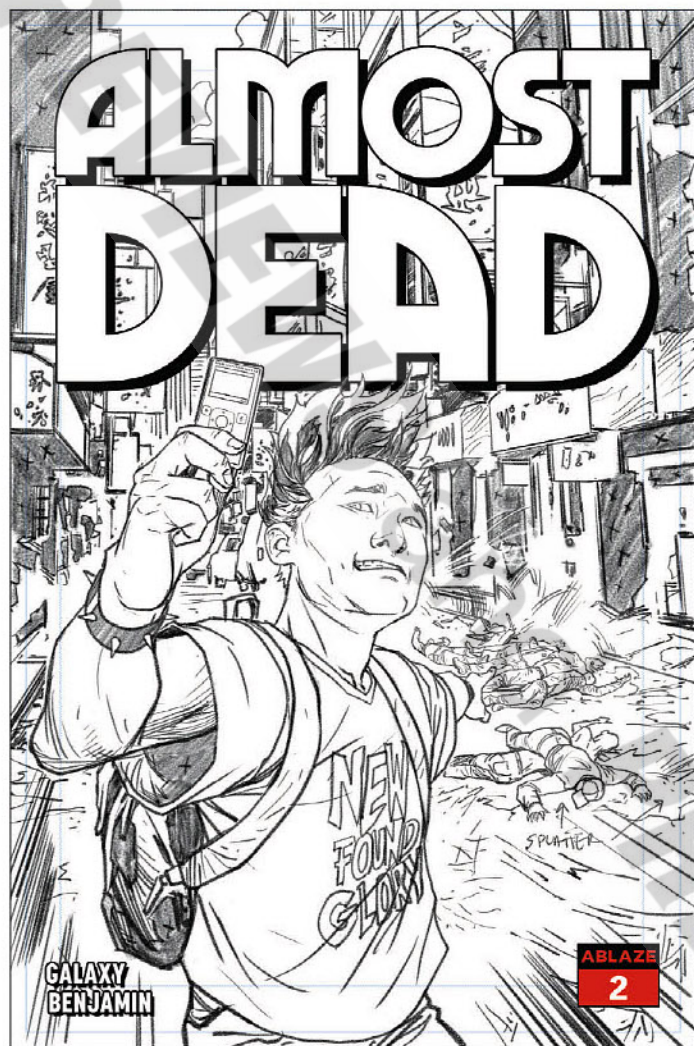

Space, both in its sci-fi sense and in its real, scientific one, has always been of deep importance to me. My interest in astronomy is embodied in The PRISM by the character of Adrian Fartade, a real person, a friend, and a scientist. His role in the story conveys accuracy in relaying info on the worlds that will be explored throughout the solar system. Extreme adventure based on plausible data is, to me, the core of science fiction.

Bringing a band together in the confines of a spaceship is a risky move, but one that seems pertinent to their mission. Do you think that level of isolation for creative people would be helpful or detrimental to their process in other circumstances?

I think extreme conditions are a cathartic challenge for artistic creation. Isolation during the trip is a kind of spiritual path. By getting farther from planet Earth, they find the silence and focus necessary to listen to other sounds, since there is no total silence when you listen to the tumult of your inner world. The PRISM is also an alchemical voyage of sorts. The band, the characters, must mix the substances they're made of, warts, impurities, and all, and find flawed but working solutions to reach a bigger goal. This is, to me, the creative process itself. The PRISM is my journey, too.

For fans of **THE HOBBIT & LORD OF THE RINGS** looking to learn more about the genius behind their favorite epics.

JRR Tolkien was not always the old Oxford professor pipe in the mouth, refining his extraordinary work. In 1915, at age 23, he leaves for the front with his high school friends, whom he loves like brothers. They take part in the Battle of the Somme, which ultimately kills 450,000 people. The horror of war will brand his relationships to friendship, love, and creation. This graphic novel explores the youth of the author of *The Lord of the Rings* and his traumatic experience of the battlefields of the First World War, which will forge the imagination of his literary work.

EARTHDIVERS #11

(W) Stephen Graham Jones

(A) Riccardo Burchielli

(CA) Rafael Albuquerque

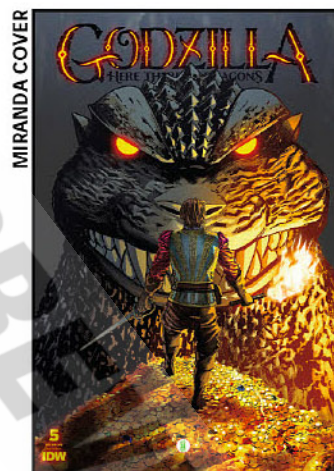

A team of time traveling Indigenous survivors had one goal: save the world from an American apocalypse by sending one of their own on a suicide trip to kill Christopher Columbus and course-correct world history. Mission accomplished? Maybe not. Blood is still soaking into the sands of San Salvador as Tad's friends suffer the consequences of his actions—and their own slippery moral rationalizations—620 years in the future. Faced with a choice to watch the world crumble or double down on their cause, the path is clear for Seminole two-spirit Emily: it's personal now, and there's no better time and place to take another stab at America than Philadelphia, 1776. But where violence just failed them, she

has a new plan: pass as a man, infiltrate the Founding Fathers, and use only wit and words to carve out a better future in the Declaration of Independence. No need to cut throats this time... right? (STL286814)

Trotting a mile in another princess' horseshoes is harder than either Pipp or Zipp are prepared for. Pipp thinks queen-in-training duty sounds suuuper easy. Like, all she has to do is select the soap and the menu and the place settings and the chairs and the floral arrangements and make sure everypony in all of Zephyr Heights is happy. And Zipp is sure singing and dancing will be a breeze. Except all her Zipsqueaks are suspiciously too busy being tired and sick to cheer her on. Milkway and her sister switching superpowers has put the Pegasi in a real pickle! (STL286833)

(W) Bill Watterson (A) Bill Watterson, John Kascht

From Bill Watterson, bestselling creator of the beloved comic strip *Calvin and Hobbes*, and John Kascht, one of America's most renowned caricaturists, comes a mysterious and beautifully illustrated fable about what lies beyond human understanding. In this fable for grown-ups, a long-ago kingdom is afflicted with unexplainable calamities. Hoping to end the torment, the king dispatches his knights to discover the source of the mysterious events. Years later, a single battered knight returns. For the book's illustrations, Watterson and caricaturist John Kascht worked together for several years in unusually close collaboration. Both artists abandoned their past ways of working, inventing images together that neither could anticipate—a mysterious process in its own right. (STL284341) (C: 0-I-I)

40 MEN AND 12 RIFLES GN

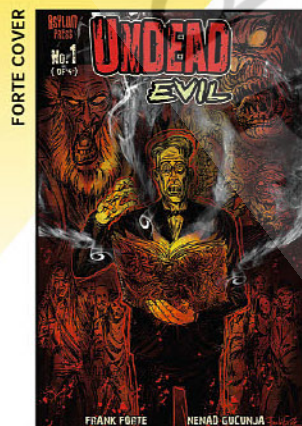

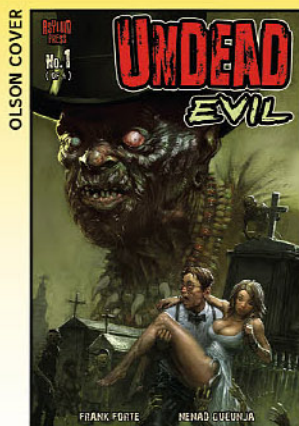

(W) Marcelino Truong, David Homel
(A/CA) Marcelino Truong

40 Men and 12 Rifles is an expansive, gripping graphic novel set in Indochina in the year leading up to 1954, when the French-held garrison at Dien Bien Phu fell after a four-month battle, leading to the end of the first Indochina war between French forces and Ho Chi Minh's nationalist rebels. Minh (no relation to Ho) is a young man from Hanoi, an aspiring painter who dreams of experiencing *la vie bohème* in Paris's Latin Quarter. To dissuade him from pursuing an artistic life, his father sends him into the countryside to tend to the family's holdings. He is soon pressed into serving with the Ho Chi Minh rebels, where he becomes

a soldier despite repeatedly defying his cadres—ideological Communist commanders with whom he disagrees—becoming both hero and anti-hero in the process. (STL285026) (C: 1-1-0) NOTE: Available only within US and territories. SC, 8x10, 296pgs, FC \$28.95

"Sometimes I think I see things. Out of the corner of my eye, behind a door, I catch a glimpse of something. It's like a curtain caught in the wind, and then it's gone." From hospitals to hell to the wilderness, George Wylesol's short stories take place in liminal spaces where nothing is as it seems; the surreal becomes real; and something is lying in wait around every corner. As our main characters navigate through corridors, passageways, and highways, they sink deeper and deeper into everyday strangeness that slips into peculiarity, creating an internal journey from normalcy to the supernatural. This new edition of the Eisner and 'Ringo Award-winning series includes a foreword by comedian Patton Oswalt, a fifth-color ink on the cover, and behind-the-scenes features, including script and layout pages, unused concept sketches, and more!

In the year 2056, robots have replaced human beings in the workforce. An uneasy coexistence develops between the newly intelligent robots and the ten billion humans living on Earth. Every human family is assigned a robot upon whom they are completely reliant. What could possibly go wrong? Meet the Walters, a human family whose robot, Razorball, ominously spends his free time in the garage working on machines which they're pretty sure are designed to kill them in this Eisner Award-winning sci-fi satire from Mark Russell (*RUMPUS ROOM*, *The Flintstones*, *Second Coming*) and Mike Deodato Jr. (*The Amazing Spider-Man*, *THE RESISTANCE*, *The Flash*).

GEORGE R.R. MARTIN PRESENTS: WILD CARDS: SINS OF THE FATHER GN

(W) George R. R. Martin,
Melinda Snodgrass
(A) Michael Komarck,
Elizabeth Leggett

In 1946, an alien virus ravaged the world, its results as random as a hand of cards. From that fateful moment to the present day, those infected either draw the black queen and die, draw an ace and receive superpowers, or draw the joker and are bizarrely mutated. Today, Aces, Jokers, and uninfected humans live in relative peace. Francis "Franny" Black is an uninfected human cop, trying to police a world filled with people with the extraordinary powers that he lacks. Newly—and some would say too suddenly—promoted to detective, he has been working out of Wild Card Central, the precinct in Jokertown where the

bulk of the virus victims fell in 1946. Franny's father was one of the heroes of the precinct, killed in the line of duty, and Franny is finding it hard to fill his dead father's shoes. That is, until he's given a particularly insidious case and starts uncovering long-buried secrets that his father might have died to protect. (STL285999) (C: 0-1-0)

GRATUITOUS NINJA CARD BOX GN

(W/A) Ron Wimberly

A stealth epic that flows from the stoops to the subways, reinventing both the ninja tale and the graphic novel. 636 accordion-folded pages flip-kick through a sprawling saga of a reimagined NYC where ninjas run the underground and anarchist pyrates run the streets. The fabled Namba clan went into hiding decades ago, living peacefully under the radar as community-minded hippies in Gowanus. But when they take some new blood under their wing, four young trainees take to the streets to solve Brooklyn's problems with ninja science. What good is being a ninja if you can't protect your own hood? This unique box set contains four hundred consecutive feet of comics and ephemera

bubbling with pugilist praxis, chanbara dialectics, pyrate vs. ninja warfare, and a whole secret history of NYC. (STL285033) (C: 0-1-2)

ILLUMINATIONS: STORIES BY ALAN MOORE SC

(W) Alan Moore

In his first-ever short story collection, Alan Moore presents a series of wildly different and equally unforgettable characters who discover—and in some cases even make and unmake—the various uncharted parts of existence. In "A Hypothetical Lizard," two concubines in a brothel of fantastical specialists fall in love with tragic ramifications. In "Not Even Legend," a paranormal study group is infiltrated by one of the otherworldly beings they seek to investigate. In "Illuminations," a nostalgic older man decides to visit a seaside resort from his youth and finds the past all too close at hand. And in the monumental novella "What We Can Know About Thunderman," which charts the surreal and Kafkaesque history of the comics industry's major players over the last seventy-five years, Moore reveals the dark, beating heart of the superhero business. Thrill to the adventures of Captain Covid, the world's first socially distanced detective as he tries saving the world from a more lethal strain of COVID-19 by punching a lot of people in the face. Worry for La-

verne, the good blonde gone bad as she ditches her sleazy-rider boyfriend Brandon and kickstarts a new relationship with a handsome shaman in a polo-neck sweater. And shiver in fear as Frank and Gina find themselves dragged back to the 18th century and discover, to their horror, that there is no 5G phone coverage. *Comics Reubbed* takes stories of raw human emotion and peril—and treats them with disdain and disrespect. It's new, it's different, it's irreverent—and it's funny. (STL285922) (C: 0-1-2)

THE GUNHAND #1

(W) Marty Grosser (A/CA) Matthew Plog

Picking up roughly 100 years after Mary Shelley's legendary novel of science gone awry, the immortal monster created by Victor Frankenstein finds himself transported from the icy waters of the North to New York, circa 1888. Awakening in the hold of a steamship, the monster is attacked and loses his right arm at the elbow to a crewman's axe. The monster flees into the sprawling city, where chance—and dark magicks—will ultimately give the monster the upper hand: A magical arm that will fight him at every turn and drag him across America on a wild and weird journey filled with action, drama, humor, and horror! And 3,000 miles away, in the Golden State, the arm's masters call its owner home, unaware of the change in ownership that has occurred. *The GunHAND* is the first original comics series created by **PREVIEWS** Editor Marty Grosser, masterfully illustrated by Matthew Plog, artist of Brilliant Enterprise's *Kent Menace!* (STL286527)

POSTER CHILD: THE PSYCHEDELIC ART & TECHNICOLOR LIFE OF DAVID EDWARD BYRD HC

(A) David Edward Byrd

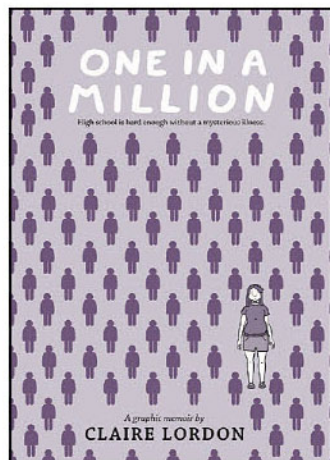

Poster Child chronicles the life and art of David Edward Byrd, one of the foremost graphic artists of twentieth-century culture. Told in a deeply personal, strikingly honest conversation with author Robert von Goeben, Byrd shares his journey through sixty years of rock 'n' roll, theater, and movie artistry. Pioneering iconic visual styles that have come to define rock music, Byrd created posters for concerts and album art for legends such as the Who, Lou Reed, Janis Joplin, Jefferson Airplane, Ravi Shankar, Traffic, Van Halen, the Grateful Dead, Kiss, and Jimi Hendrix. Byrd went on to design celebrated imagery for Broadway theater hits, including *Follies*, *Godspell*, and *Little Shop of Horrors*, among others. With brutal honesty and raw vulnerability, this stunning retrospective shares the artist's journey through family trauma, excess, career detours, rehab, and, ultimately, love, success, and recognition. ARTIFICIAL: A LOVE STORY HC

(W/A/CA) Amy Kurzweil

How do we relate to—and hold—our family's past? Is it through technology? Through spirit? Art, poetry, music? Or is it through the resonances we look for in ourselves? In *Artificial*, we meet the Kurzweils, a family of creators who are preserving their history through unusual means. At the center is renowned inventor and futurist Ray Kurzweil, who has long been saving the documents of his deceased father, Fredric, an accomplished conductor and pianist from Vienna who fled the Nazis in 1938. Once, Fred's life was saved by his art: an American benefactor, impressed by Fred's musical genius, sponsored his

emigration to the United States. He escaped just one month before Kristallnacht. Now, Fred has returned. Through AI and salvaged writing, Ray is building a chatbot that writes in Fred's voice, and he enlists his daughter, cartoonist Amy Kurzweil, to help him ensure the immortality of their family's fraught inheritance. With Kurzweil's signature humanity and humor, in boundary-pushing, gorgeous handmade drawings, *Artificial* guides us through nuanced questions about art, memory, and technology, demonstrating that love, a process of focused attention, is what grounds a meaningful life. (W) Serge Le Tendre
(A) Frederic Peynet

In the heart of the fabled Labyrinth, Theseus, prince of Athens, is at the mercy of the terrifying Minotaur. Far from being a mindless, merciless brute, though, the creature begins to tell his tragic story... Theseus, prince of Athens, awakens injured and bound inside an unknown hut. Facing him stands his captor—a mighty, bull-headed man! There, at the centre of the labyrinth built by engineer Dedalus for the king of Crete, Minos, Theseus is astonished to discover that the bloodthirsty monster that the legends describe is in fact a rational being named Asterios, who begins to recount the story of his life. Between the young Athenian sacrifice and the feared creature, grudging respect emerges. (STL285477) (C: 0-1-1) NOTE: Not available in Germany.

RUN AND HIDE: HOW JEWISH YOUTH ESCAPED THE HOLOCAUST GN

In the tightening grip of Hitler's power, towns, cities, and ghettos were emptied of Jews. Unless they could escape, Jewish children would not be spared their deadly fate in the Holocaust, a tragedy of unfathomable depth. Only 11 percent of the Jewish children living in Europe before 1939 survived the Second World War. *Run and Hide* tells the stories of these children, forced to leave their homes and families, as they escaped certain horror. Some children flee to England by train. Others are hidden from Nazis, sometimes in plain sight. Some are secreted away in attics and farmhouses. Organized by taste (bitter, salty, savory, sour, sweet), these ominous noshes will satisfy all your depraved cravings, from the A-tacolyse, Carni-S'mores, and Hot Cthocolate to Maca-Runes, Necronomicorn, and There Cannoli Be One. Mercilessly tested, these puntastic dishes pay horrifying homage to the Lovecraftian cosmos. HUDA F CARES GN

(W/A) Huda Fahmy

Huda and her sisters can't believe it when her parents announce that they're actually taking a vacation this summer... to Disney World! But it's not quite as perfect as it seems. First Huda has to survive a 24-hour road trip from Michigan to Florida, with her sisters annoying her all the way. And then she can't help but notice the people staring at her and her family when they pray in public. Back home in Dearborn she and her family blend right in because there are so many other Muslim families, but not so much in Florida and along the way. It's a vacation of forced (but unexpectedly successful?) sisterly bonding, a complicated new friendship, a bit more independence, and some mixed feelings about her family's public prayers.

Huda is proud of her religion and who she is, but she still sure wishes she didn't care so much what other people thought. (STL286009) (C: 0-1-2)

SAVING H'NON: CHANG AND THE ELEPHANT GN

(W/A) Claire Lodon

While volunteering at a wildlife rescue center near Yok Don National Park in Vietnam, Chang helps rescue an injured and abused Asian elephant named H'Non. For decades, H'Non was forced to haul heavy timber logs and concrete poles at construction sites, and then to carry riders at tourist attractions all day long with no break. While nursing H'Non back to health, Chang is tasked with finding a kind mahout—an elephant trainer—who will teach H'Non how to fend for herself in the wild. Though Chang initially has her doubts about the young mahout she finds, a boy named Wat, H'Non takes to him instantly. And as her friendships with both H'Non and Wat grow, Chang learns what it means to give people a chance, to show up for your friends, and to love openly and forgive compassionately. O/A THE ABOMINABLE MR. SEABROOK GN

(W/A/CA) Joe Ollmann
Journalist and travel writer William Buehler Seabrook was willing to go deeper than any outsider had before, participating in voodoo ceremonies, riding camels cross the Sahara desert, communing with cannibals and most notably, popularizing the term "zombie" in the West. A string of his bestselling books show an engaged, sympathetic gentleman hoping to share these strange, hidden delights with the rest of the world. But, of course, there was a dark side. Seabrook was a barely functioning alcoholic who was deeply obsessed with bondage and the so-called mystical properties of pain and degradation. BAD MEDICINE GN

(W/A) Christopher Twin
After wandering out to the river near their homes, five teens decide to build a fire and exchange horror stories. Chad begins by telling the group about an unfortunate fisher who encountered a cluster of small, malevolent creatures while navigating the river in his canoe. Attempting to defend himself, Carl lashed out with an oar... and his world changed forever. One by one, the teens try to outdo each other, and the evening evolves into an impromptu storytelling competition. Inspired by Cree folklore and modern Cree life, *Bad Medicine* will transport readers to terrifying new worlds that only exist at the edges of human imagination. (STL285029) (C: 0-1-0)

**SUMMER OF HAMN HC**

(W/A) Chuck D
In *Summer of Hamn*, legendary hip-hop artist Chuck D takes on gun violence with rhythmic, inventive writing and passionately raw art. *Summer of Hamn* is the bound journal Chuck D carried with him in the summer of 2022—a summer marked by a particularly high rate of gun death. In these pages, victims are memorialized, politicians are skewered, and vehement pleas to eradicate gun violence are made. Jaw-dropping statistics (40% of all personal guns in the world are owned by US citizens; there are 100 million more guns in the US than there are citizens) intersect with poetic reflections ("Another mall shooting seems normalized in Columbus / Raining outside in Ohio / Raining inside folks panic / Inside hearing shots bust"), all written in Chuck's hand over vibrant, utterly original, neoexpressionist ink and watercolor art. STRIKING A POSE: A HANDY GUIDE TO THE MALE NUDE

By Anita Kunz

\$22.99 / HC / 152 pgs / FC / 6.5" x 9"

Inspired by her own art students' struggles with nude life drawing, Anita Kunz presents nearly 150 portraits of famous figures, stripped of their vanities and posed as life models. Drawn with a casual wit, Kunz' caricatures undercut the mystique of her subjects. The well-known faces become less significant than the unknown bodies, as though the celebrities are descending from their pedestals to pose. Like her previous book, *Another History of Art*, *Striking a Pose* upends historical gender prejudices within the fine art world while also finding a welcoming humor in the bathos of the naked body.

Fresh out of shipwreck wine, three tipsy mermaids decide to magically masquerade as humans and sneak onto land to indulge in much more drinking and a whole lot of fun in the heart of a local seaside tourist trap. But the good times abruptly end the next morning as, through the haze of killer hangovers, the trio realizes they never actually learned how to break the spell and are now stuck on land for the foreseeable future. Which means everything from: enlisting the aid of their I-know-we-just-met-can-we-crash-with-you bartender friend, struggling to make sense of the world around them, to even trying to get a job with no skill set... all while attempting to somehow return to the sea and making the most of their current situation with tenacity and camaraderie (especially if someone else is buying). THE OVERSTREET COMIC BOOK PRICE GUIDE VOLUME 53

(W) Robert M. Overstreet (A) Various (CA) Kevin Nowland

The 53rd edition of the Guide celebrates the 60th anniversaries of *The Avengers* and the storied Justice League of America/Justice Society of America crossovers. It also includes a look at the influential advertising comics of the pioneering R.F. Outcault, creator of *The Yellow Kid* and *Buster Brown*, and a spotlight on Frank Frazetta's *Death Dealer*. The Bible of serious comic book collectors, dealers, and historians since it was first published in 1970, *The Overstreet Comic Book Price Guide* is re-leased each July by Gemstone Publishing. Compiled by founder Robert M. Overstreet with contributions from an extensive roster of Overstreet Advisors, the Guide offers insight into the complex and exciting comic book market. Iron Man, Thor, Giant Man, and *The Wasp* square off against *Namor the Sub-Mariner* and the Incredible Hulk as celebrated artist Kevin Nowlan offers an imaginative new take on Jack Kirby's classic image from *The Avengers* #3 for one cover of *The Overstreet Comic Book Price Guide* #53. The other cover this year features Dan Lawlis' take on Frank Frazetta's *Death Dealer*: with his horned helmet and obscured facial features, the axe-carrying, armor-clad warrior sits atop a horse and permanently looks ready for battle, evoking whole stories from a single image. HERITAGE, COMICCONNECT HIT BIG BANGS IN JUNE

HERITAGE: In the Thursday first session in Heritage's June 22-25, 2023 Comics & Comic Art Signature Auction, Frank Frazetta's *Dark Kingdom* painting original art took a big swing, selling for \$6 million. The painting was first published as the cover for Karl Edward Wagner's 1976 Kane series novel, *Dark Crusade*. The *Dark Kingdom* sale has set a new record for a Frazetta painting, besting the *Egyptian Queen* original art that sold for \$5.4 million at Heritage in 2019.

Following Frazetta's painting, the top five sellers were anchored by major key comic books. A CGC-certified 9.2 copy of *Captain America Comics* #1 CGC 9.2 hammered for \$810,000 (the CGC 3.5 Promise Collection copy of that issue also made the top ten at \$168,000). A CGC 3.0 copy of *Superman* #1 sold for \$360,000. A CGC 8.0 copy of *Amazing Fantasy* #15 CGC 8.0 realized \$312,000, and a CGC 9.4 *Amazing Spider-Man* #1 brought \$264,000.

On the art side, again just the first day, Joe Simon and Jack Kirby's *Captain America Comics* #5 splash page 1 sold for \$252,000, and Bill Watterson's March 28, 1986 *Calvin and Hobbes* daily comic strip original art reached \$174,000.

When the four-day event closed, the grand total was \$21,056,657.

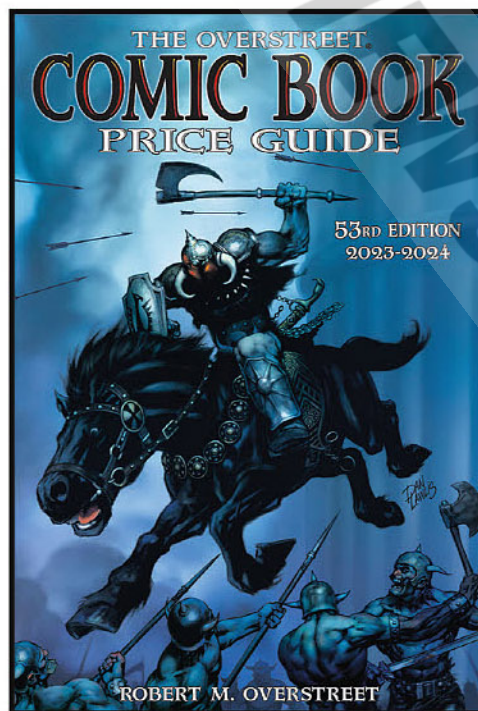

COMICCONNECT: Their Event Auction #54, which closed on June 5-9, 2023, produced a steady string of headline ready results with *Journey into Mystery* #83 9.4 leading all bids at \$350,400.

Top auction sales included *Batman* #1 2.0 for \$176,500, *Iron Man* #1 9.9 for \$106,000, *Superman* #1 2.0 for \$281,750, and *Suspense Comics* #11 9.8 Promise Collection for \$147,000.

Golden Age highlights included *Beware Terror Tales* #6 9.4 Crowley for \$21,850, *Blue Bolt* #112 9.0 for \$19,822, *All Star Comics* #8 2.5 for \$27,000, and *Tales from the Crypt* #46 9.4 for \$17,500.

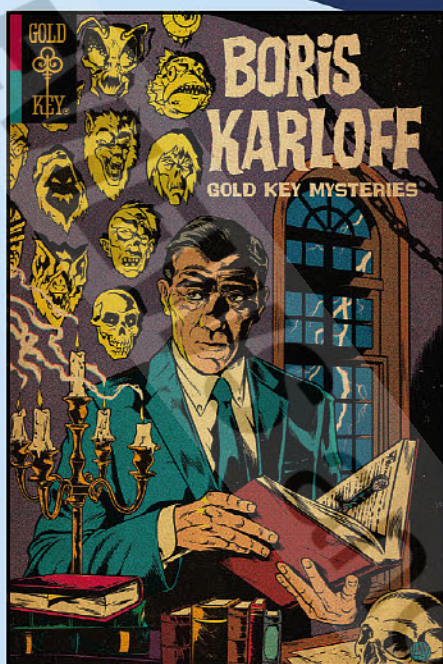

Death Dealer ©2023 Frazetta Girls. Overstreet® is a Registered Trademark of Gemstone Publishing. All rights reserved.

Silver, Bronze, and Modern Age sales included *Amazing Spider-Man* #129 9.8 for \$23,000, *Incredible Hulk* #1 8.0 for \$111,157, *Iron Man* #1 9.8 for \$27,100, *New Mutants* #98 9.9 for \$40,250, *Sub-Mariner* #1 9.8 for \$9,400, *Thor* #165 9.8 for \$25,000, and *Ultimate Fallout* #4 9.8 Stan Lee Signature variant edition for \$43,000.

Art sales were led by the *Incredible Hulk* #154 cover by Herb Trimpe for \$83,375, *Conan the Barbarian* #12 cover by Gil Kane for \$66,701, *Weird Science* #21 page by Wally Wood for \$46,000, and *Amazing Spider-Man* #325 page by Todd McFarlane for \$39,905.

SMASH THE PATRIARCHY GN

(W) Marta Breen (A) Jenny Jordahl
Patriarchy means "the rule of the father" and describes a system where men are in control. Since at least the time of Aristotle, if not long before, loud-mouthed men have called women weak and inferior. In entertaining comic book form, *Smash the Patriarchy* shames the culprits and salutes more than 100 inspiring women—from Pharaoh Hatshepsut to Mary Wollstonecraft to Petra Herrera—who stood up to them. The book is not afraid to examine some of the worst crimes—public shaming, medical examinations, and the widespread murder and jailing of feminists around the world—as it calls on readers to finally smash the patriarchy forever. MCU: THE REIGN OF MARVEL STUDIOS HC

How did an upstart studio conquer the world? In *MCU*, culture writers Joanna Robinson, Dave Gonzales, and Gavin Edwards draw on more than a hundred interviews with actors, producers, directors, and writers to present the definitive chronicle of Marvel Studios and its sole, ongoing production, the Marvel Cinematic Universe. For all its outward success, the studio was forged by near-constant conflict, from the contentious hiring of Robert Downey Jr. for its 2008 debut, *Iron Man*, all the way up to the disappointment of *Ant-Man and the Wasp: Quantumania* and shocking departures of multiple Marvel executives in 2023. Dishy and authoritative, *MCU* is the first book to tell the Marvel Studios story in full—and an essential, effervescent account of American mass culture. The year is 1740, and the Vatican is in turmoil. Grappling with a profound crisis of faith, outcast exorcist Father Franco Vieri is dispatched on a mission of grave importance — to rescue a Spanish nobleman from the clutches of the sadistic demon known as Legion. But when the exorcism goes tragically wrong, Vieri finds himself trapped in a stranger's body... and learns what horrors lie ahead when the Devil wears his face.

Equal parts *Face/Off* and *The Exorcist*, Ringo Award-winning writer David Pepose (*Moon Knight: City of the Dead*, *Savage Avengers*) and Bram Stoker Award-nominated artist Alex Cormack (*Sea of Sorrows*, *The Crimson Cage*) conjure a harrowing tale of terror, action, and body-swap intrigue that will leave comic readers at the edge of their seats.

MARGARET FERGUSON BOOKS

BE THAT WAY HC

(W/A) Hope Larson

It's January 1, 1996, and high school junior Christine wants more than anything to be that cool girl everyone notices, like her gorgeous best friend, Landry. She usually hates New Year's resolutions, but this year she vows to be that shiny kind of girl—and record it all in her diary through prose, illustration, and comics. When Landry drops her, Christine is surprised to discover just how much she doesn't miss her and her drama. But a misguided kiss with film-obsessed Paul, her only other close friend, also causes a rift, and she finds herself facing a long, lonely summer. With nothing to lose, Christine finds a new sense of courage. She gets a job at her neighborhood video store, experiments with her art, and becomes romantically entangled with her next-door neighbor Whit, who's either the coolest guy ever or a total jerk. In spite

of all this, she doesn't quite feel shiny—until a shocking betrayal shows her the value of the words and drawings she hides in her diary, and she finally understands that she doesn't need to be cool to be noticed—she only needs to be herself. (STL285988) (C: 0-1-1)

O/A THE LOUVRE COLLECTION: LEONARDO 2 GN

(W/A) Stéphane Levallois

Planet Earth, engaged in an intergalactic conflict, owes its salvation to the clone of Leonardo da Vinci and to the rebirth of his genius. Author Stéphane Levallois has created the fantastic universes of many Hollywood blockbusters, and this space opera exemplifies his talent in two areas that he masters to perfection: the universe of science fiction and art. To build his story and compose his boards, Levallois draws from the painted and drawn work of the Renaissance master, selecting a large number of drawings and paintings by Leonardo to represent the characters, vessels or even the architectures in his

story. The grand scale result is stupefying as Leonardo's everlasting visions are successfully projected into a stunning futuristic setting. (STL164526)

Amidst the irradiated plains walks a legend who is more than man . . . BEWARE THE MAN FROM MAYBE!

In the dry and dead future that's coming soon, all life belongs to Oppenheimer-obsessed billionaire Harvard Denny and his corporate scavengers from Smile, Inc., who pillage the wastelands in search of atomic contraband.

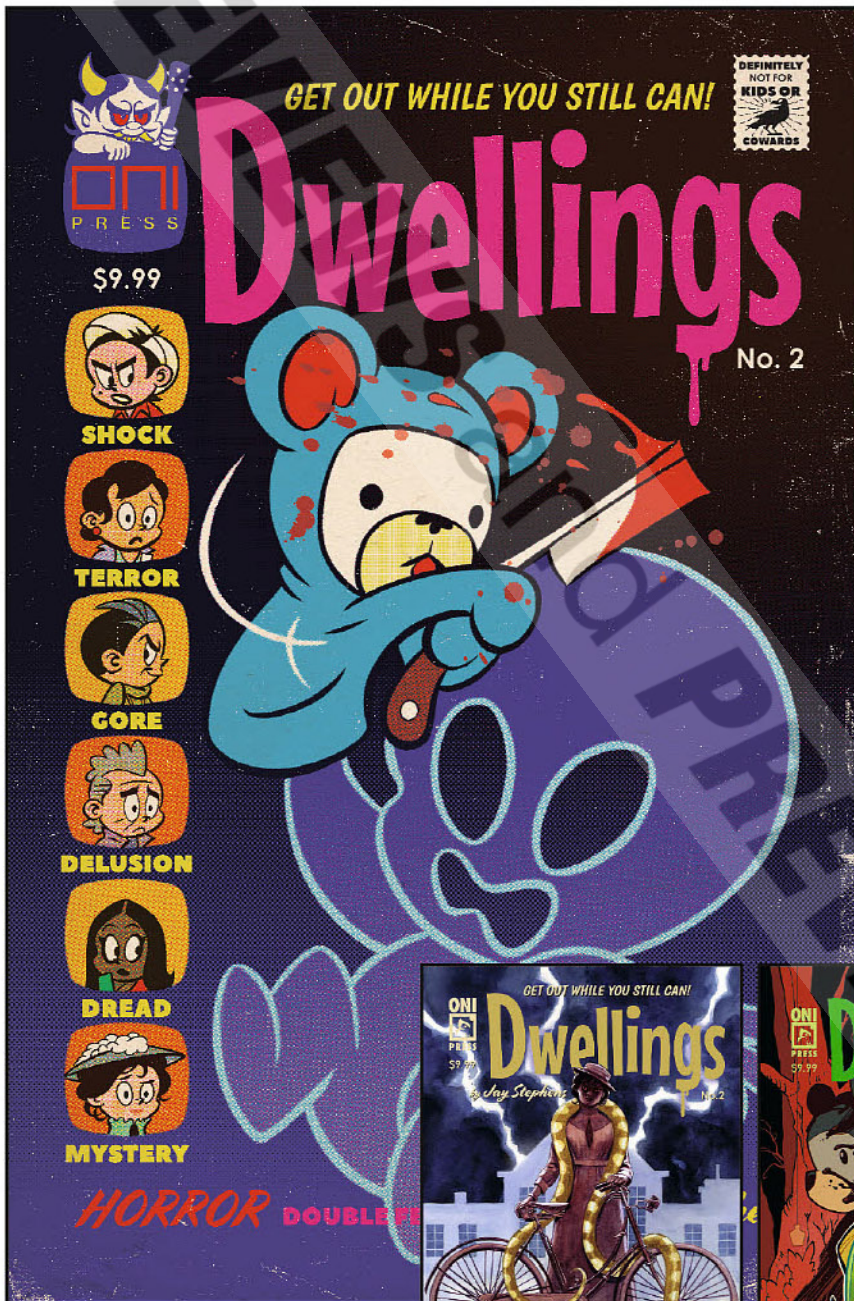

But when a hyper-advanced vessel of possibly alien origin crashlands on the outer edge of Denny's empire of neon-lit ruins, will it bring promise or poison to a distorted world?

As the race to acquire the ship's cargo begins, our fate will be decided by a masked bandit and the cold iron of his laser rifle. He knows no name, no home, no surrender—only the whispered hush of those in need who dare call him . . . THE MAN FROM MAYBE!

Give yourself over to an upside-down world where all mutants eat lead and all dinosaurs speak truth in the DOUBLE-SIZED, 48-PAGE debut of a postmodern, post apocalyptic epic of Western-infused action from rising star Jordan Thomas (*Weird Work*, *XINO*) and psychedelic warlord Shaky Kane (*Bulletproof Coffin*, *The Beef*) as the Man From Maybe sets his sights on THE CRATE OF DEATH!

A FACE-OFF WITH THE DEVIL!

From writer Emmett Nahil (*Leatherwood*) and illustrator George Williams (*Croc and Roll*) comes a riveting queer horror story set against the backdrop of an outbreak of "satanic panic" sweeping the New Jersey suburbs in 1979.

When Pastor Holley's wife, Kelly, is found murdered, FBI agent Garrett takes on the case with local New Jersey Sheriff Mullen. Together they start drumming up a convenient satanic-flavored scapegoat to cover up their own crimes of murder and experimentation. That scapegoat comes in the form of four friends: Mitch, Terri, Lupe, and Jackson. The punks, the queers, and the outcasts. Soon the group becomes the prime suspects of Kelly's murder. Now on the run from Garrett and Mullen, the group finds themselves in the midst of a deal with the devil himself.

RALPH AZHAM GN'S

(W/A) Lewis Trondheim

From the award-winning mind of cartoonist Lewis Trondheim comes the expansive and rich anthropomorphic medieval world of Ralph Azham. After failing the test of the Chosen One as a young duck, Ralph had a tough time growing up as the village pariah, often getting into trouble due to an innate extra sense that's rather unbelievable, embarrassing, and unfortunate. Ultimately Ralph must leave the village and unlock the secrets of his childhood as he journeys to the Kingdom of Astolia, but not before he takes a young ward, Raoul, who bears an uncanny similarity to Ralph. It's a sprawling story of fathers and their sons, magic, mysticism, with plenty of action, adventure, and signature Trondheim madcap humor. (STL270252) (C: 0-1-1)

PENGUIN CLASSICS

ALL OF THE MARVELS SC

(W) Douglas Wolk

The Marvel story is a gigantic mountain, smack in the middle of contemporary culture. Thousands of writers and artists have contributed to it. Every schoolchild recognizes its protagonists: Spider-Man, the Avengers, the X-Men. 18 of the 100 highest-grossing movies of all time are directly based on parts of it. And not even the people telling the story have read the whole thing—nobody's supposed to. So, of course, that's what Wolk did: he read all 27,000 comics that make up the Marvel universe thus far, from *Alpha Flight* to *Omega the Unknown*. And then he made sense of it: seeing into the ever-expanding story, in its parts and as a coherent whole, and seeing through it, as a prism through which to view the landscape of American culture. Looking over close to sixty years of Marvel's comics, Wolk sees fascinating patterns and the way they all feed into a potent cosmology that echoes our deepest hopes and fears. (STL285993) (C: 0-1-1)

PENGUIN YOUNG READERS

BEGIN AGAIN HC

(W/A) Oliver Jeffers

With his bold, iconic art, executed in a simple two-color palette, Oliver Jeffers looks at our shared motivations for existence to follow the human path from the dawn of our species through history, sharing profound, sometimes poignant, commentary on our present, and then offers a challenge: Where do we go from here? How can we create new stories and new systems that allow all of humanity to flourish? How can we journey toward a collective and robust future? Jeffers' reflection on the patterns that have led us to where we are today, the stories we have governed ourselves by, and those we might adopt going forward, is insightful, moving, and powerful. From 1940-1950, printer Everett M. Sophie's come a long way since the day she received that cryptic letter with its intriguing question: "Who are you?" The mysterious correspondence sweeps our curious young heroine off on a tour of Western philosophy from its ancient foundations through the Renaissance. But it also prompts more personal reflection: *What is my place in the world, my purpose in life? And just who is that girl, a stranger and yet so familiar, I glimpse in the mirror?* Sophie's quest for answers will see her explore major schools of modern thought from Descartes and Locke to Freud and Marx. She and her quizzical philosophy teacher Alberto, now unmasked, struggles with the possibility that they are characters in a book. In this witty comics adaptation, Zabus and Nicoby reinvent Jostein Gaarder's novel of ideas—a beloved bestseller—to bring Sophie's charming quest for meaning to a whole new medium and a new generation. O/A THE LIFE AND ART OF DAVE COCKRUM SC

From the letters pages of Silver Age comics to his 2021 induction into the Will Eisner Hall of Fame, the career of Dave Cockrum started at the bottom and then rose to the top of the comic book industry. Beginning with his childhood obsession with comics and continuing through his years in the Navy, *The Life and Art of Dave Cockrum* follows the rising star from fandom (where he was one of the "Big Three" fanzine artists) to prodigy, where he helped revive two struggling comic book franchises: the *Legion of Super-Heroes* and the *X-Men*. A prolific costume designer and character creator, his redesigns of the Legion and his introduction of X-Men characters Storm, Nightcrawler, Colossus, and Thunderbird (plus his design of Wolverine's alter ego, Logan) laid the foundation for both titles to become best-sellers. His later work on his own property, *The Futurians*, as well as childhood favorite *Blackhawk* and *T.H.U.N.D.E.R. Agents*, plus his five years on Soulesearchers and Company, cemented his position as an industry giant. Featuring artwork from fanzines, unused character designs, and other rare material, this is the comprehensive biography of the legendary comic book artist, whose influence is still felt on the industry today! Greek myth has inspired stories and art for millennia. And yet some stories and characters remain unfamiliar. *First There Was Chaos* explores the formless, primordial, and extraordinary forces that preceded the Olympian gods. These tales of Creation illustrate the creative process, giving cosmic form to the universal struggles of all creators. Based on Hesiod's *Theogony* and other classic sources, *First There Was Chaos* synthesizes fragmentary myths into a compelling narrative accessible to a contemporary audience. UNENDED GN

(W/A) Josh Bayer

What prevents you from finishing your life's work? Josh Bayer finds a manuscript of an unfinished play inside his deceased father's desk. The play tells the story of Josh's mother's early death (age 37) and his father's struggle with single parenthood. When he attempts to adapt the play into comics, it triggers a series of personal crises. Bayer's limitations and futile ambitions are brought into sharp relief as he grapples with an estranged, unknowable parent and the play's frustrating lack of resolution. Humans worship lore, myth, and fables, but many people's creative dreams become abandoned. Why? Josh Bayer stitches scattered memories into surrealistic episodes permeated with dream logic. *Unended* is a Promethean quest to excavate the creative fire hidden inside us. (STL285030) (C: 0-1-0)

UNIVERSITY PRESS OF MISSISSIPPI**BIOGRAPHIX: BEN KATCHOR SC**

(W) Benjamin Fraser (A) Ben Katchor

The recipient of a 2000 MacArthur fellowship, Ben Katchor (b. 1951) is a beloved comics artist with a career spanning four decades. Published in indie weeklies across the United States, his comics are known for evoking the sensorium of the modern metropolis. In some of his early strips published in the 1980s in the *New York Press* and *Forward*, Katchor introduced one of his quintessential characters, Julius Knipl, a real estate photographer. By crafting Knipl as an urban flâneur prone to wandering, Katchor was able to variously demonstrate his absurd humor and linguistic whimsy alongside narratives packed with social critique. Rooted in close analyses of the artist's numerous series and collections, each chapter in Ben Katchor is dedicated to a distinct aspect of the urban experience. (STL283600) (C: 0-1-0)

**ROBERT WILLIAMS: CONVERSATIONS SC**

A legendary figure of underground

comix, Robert Williams (b. 1943) is an important social chronicler of American popular culture. The interviews assembled in *Robert Williams: Conversations* attest to his rhetorical powers, which match the high level of energy evident in his underground comix and action-filled canvases. One of the founders of the original ZAP Comix collective in the 1960s, Williams drew inspiration from pulp fiction, hot rod culture, pin-up girls, and traditional academic art. He has often been described as a figure courting scandal and controversy, a reputation on which he comments repeatedly in some of the interviews here. Since the 1980s, Williams has emerged as a force in the fine art world, raising interesting questions about how painting and comic art interrelate. (STL283599) (C: 0-1-1)

WORLDS TO CONQUER: THE ART AND MAKING OF WALT DISNEY'S FANTASIA

(W) J.B. Kaufman

In 1940, Walt Disney released his third feature film: *Fantasia*, consisting of eight animated segments set to music by Leopold Stokowski and the Philadelphia Orchestra. The film was groundbreaking: it was the first to be presented with multiple audio channels in a process called Fantasound, the precursor to surround sound. Apart from its technical achievements, *Fantasia* broadened the scope of Disney's appeal. Adults had always comprised a large percentage of Disney's audience, but *Fantasia*—while suitable for children—was designed specifically to appeal to audiences with a mature

appreciation of the arts. J.B. Kaufman presents the definitive history of the making of *Fantasia*, from source material to hundreds of photographs documenting the film's production. In *Worlds to Conquer*, become a part of the wild ride that was the making of a Disney classic. (STL284626) (C: 0-1-1)

THE GREAT GARLOO PX SDCC 2023 3-INCH FIGURES

Hiya Toys / Coming Soon

Created by the Louis Marx Toy Company back in 1962, *The Great Garloo* was a big hit during the first Monster Craze of the '60s! The original toy stood over 2-feet tall and was remote controlled and has become one of the Holy Grails for Monster Collectors worldwide. Now Hiya Toys brings us two **PREVIEWS Exclusive** miniature figures of Garloo just in time for the big show in San Diego! Choose from the radioactive *Glow in the Dark* Garloo, or the *Black & White* TV ad Garloo, replicating his grey complexion from the classic 1962 TV commercial! Only 500 of each design were made, so don't let Garloo get away!

THE LAST RONIN STANDS TALL IN DIAMOND SELECT TOYS' NEW TURTLES MINI-BUST

IDW Publishing's *Teenage Mutant Ninja Turtles: The Last Ronin* captivated Turtles fans and was a publishing sensation. The graphic novel, from Turtles creators Kevin Eastman and Peter Laird with writer Tom Waltz, and artists Esau & Isaac Escorza and Ben Bishop, envisioned a future where all the Turtles but one — the Last Ronin — fell to the Foot Clan, and the last of the four brothers took it upon himself to rid New York of his brothers' murderers as his penance.

Diamond Select Toys celebrates the best-selling graphic novel with the new *Teenage Mutant Ninja Turtles: The Last Ronin Legends in 3-Dimensions 1/2-Scale Bust*.

Standing 10 inches tall, this bust recreates Michelangelo, the Last Ronin, as he appears in the graphic novel, armed with his nunchuks and with his brothers' weapons strapped to his back. Limited to only 1,000 pieces, this stunning mini-bust is designed for Diamond Select Toys by Joe Allard and sculpted by Kinetic Underground. Don't miss this chance to add The Last Ronin to your *Turtles* collection!
